

## **Environmental Policy Statement**

Walker Sign & Street Furniture Erectors Ltd is a supplier and installer of street signs, furniture and cabling for industrial and highway applications. The company recognises the need for sustainable development and continually aims to maintain and improve the environmental effect of its activities.

To achieve this Walker Sign & Street Furniture Erectors Ltd are to establish sound environmental management by:

- Meeting or improving upon relevant legislation, regulatory and environmental codes of practice.
- The development of objectives that target environmental improvements and monitor performances by regular review.
- Considering any environmental issues in the decision making process.
- The development of relationships with suppliers and contractors so that all parties recognise their environmental responsibilities.
- The educating of staff so that they carry out their activities in an environmentally responsible manner.

The company is also to provide for the effective use of resources by promoting waste minimisation and efficient use of said resources.

The company's system is documented in the Environment Manual, and is designed to meet the relevant requirements of environmental standards. Adherence to this policy involves all of Walker Sign & Street Furniture Erectors Ltd's activities and employees. Detailed implementation of the system policies are incorporated into the company's environmental operating procedures. All employees are responsible for the environmental impact of their own work and are committed to participate in the operation of the Environmental Management System.
