Restless Children: We come to Mass to Worship God. This can be difficult if children are running amok in church during Mass and it make it more difficult those other to hear. Can I ask parents if their child is a bit restless would you please take them to the vestibule where there are seats for them and yourselves. You can still hear Mass as there is speakers there and still bring your children up for blessing at Holy communion. Children are part of our family and are most welcome but I had a few complaints from others so I would ask you, let us deal with this situation so that all can hear Mass. I know it is not easy but let's give it a try.
