Aries New Moon Eclipse 2025

*Your whole world is a projection of your mind.
But behind this is hiding your Buddha,
your Awareness, your Pure Consciousness,
unclouded, unscratched, from Eternity to Eternity.*

'I AM' the Light of Life Itself'

The New Moon, Partial Solar Eclipse, in Aries, takes place on the 28th or 29th of March, following on from the Equinox a week earlier, and a Total Lunar Eclipse, that took place on the 14th of March.

So, we are passing through an Eclipse corridor which, when combined with the intensified Solar Flares, that are irradiating this Plane, makes for a heightened and dynamic period of Cosmic activity.

Solar Eclipses form part of what is known as the Saros Cycle. The Saros Cycle marks a period of approximately 18 years and 11 days, and when two eclipses are separated by this Saros time period they share a very similar essence and quality.

The Saros Cycle organizes eclipses into 'families' - each family typically lasts 12 to 13 centuries and contains 70 or more eclipses. This particular Eclipse is the 21st within Saros Cycle 149 that commenced on 21st August 1664 and will complete on 18th September 2908.

Saros 149 has a powerful, innovative, and transformative quality to it. At the time of its inception back in 1664, Mercury and Venus were at the midpoint of Mars and Pluto, and Mars, was at the midpoint of Uranus and Pluto, so you could say that we are learning how to recognise, and to handle the power and drive of our thoughts (*Mercury*) and feelings (*Venus*) that have such a powerful effect upon our outer actions (*Mars*) and also upon the evolutionary pathway and the World in which we choose to live, for good or ill.

We live in a consciously alive Universe and our individual and collective thought forms build a momentum which creates an effect in the inner and outer world - for we are not separate from Nature but are an intrinsic part of the Etheric and Elemental Kingdoms, and (*Uranus Pluto*) are there to remind us, and to Awaken us to this Truth.

Back in 1664 such thoughts would not have been unusual, but by 1685 the 'Age of Reason' came into being, and since then we have been living within a separated, confined consensus of 'reality', fundamentally erasing any indigenous understanding of Life that has spanned thousands of years. The Saros Eclipse cycles unfold major evolutionary shifts, over large periods of time. Moving across the Earth they imprint the Frequency and Consciousness of the Sun's irradiation to bring about such shifts - and we are the reset buttons!

The Constellation of Aries is informing this Eclipse and Aries flows with the **1st Ray of Will and Power** and the **7th Ray of Ceremonial Order and Magic**. When we have integrated and surmounted the lower levels of consciousness we take on the responsibility for the 'Right use of Will', and we are able to work with the Plan of Evolution. Our actions and thoughts are directed towards the benefit of All and we become an exemplar and embodiment of the Will-to-Good. This is true Leadership, for the Pure Consciousness of Source, flowing down to Earth through the Constellations and Planetary systems, is at all times, working for the evolution and benefit of all Life on Planet Earth, and as we work, together with the Elemental, Devic, and Etheric Fields we reunite, reignite and restore the Plan for Earth.

Each of us can manifest the properties of a Field of Consciousness that transcends space and time, and linear causality.

Chart for the Aries New Moon 2025

New Moon 29th March 2025 10:58 GMT London UK

<https://www.timeanddate.com/moon/phases/>

As you will see looking at the chart there is a focus of energy in the form of a Kite that is based on the North Node Ω and Saturn ♄ all flowing from the Collective past, the South Node ♁ to Mars ♂ and on to Vesta ♁, and Juno ♄, which all, in turn, aspect Venus ♀, Neptune ♆, and Mercury ☿.

The Sun ☉ and Moon ☾ are not part of this patterning but, as explained earlier, at the time of this Solar Partial Eclipse it is the Light of the Sun that will be imprinting the frequencies onto the Earth and reflecting back the current frequencies of the Group Collective on the morphogenic field. Added to this Uranus ♅ is being powerfully activated by the Eclipse as it is 120° away from the South Node and 60° away from the North Node, creating an Eclipse that can bring in sudden unexpected changes, uprooting the past, as well as insights and revelations – an unpredictable time

As for the time of the Total Lunar Eclipse, a couple of weeks ago, both Saturn and Neptune played pivotal roles, but Saturn has now moved on to Gene Key 36 to join with the North Node, and Neptune is now joined by Mercury and Venus, which are both retrograde, and on Gene Key 25. So, the focus remains it would seem with the 149 Saros Eclipse Inception Chart of 1644, which had Mercury and Venus so highlighted at that time, being cushioned between Mars and Pluto

In layman's terms, you could say that this Eclipse is seeking to discover how far we have evolved, over these 400 years. Are our personal thoughts, (*Mercury*), and feelings, (*Venus*), still defining our actions, (*Mars*), or have we transformed and transmuted these personal beliefs and opinions into Divine Will, (*Pluto*), into an Impersonal Universal Love, that emanates Compassion and Peace for all?

Saturn and the North Node are on Gene Key 36, known as **Becoming Human** moving through the Shadow of **Turbulence** to the Gift of **Humanity** to the Siddhi of **Compassion**.

At the time of the Full Moon Lunar Eclipse, the Sun and the North Node were on this key, but now Saturn has moved into position. Over the last couple of weeks, many changes and insecurities have been brought to the fore and Saturn as the planet of Karma asks that we stay centred, mindful, and peaceful not entangled in raised voices and old patterns that are seeking to be released.

'The potential suffering that exists on account of Gene Key 36. is part of a genetic family known as the Ring of Divinity. This is a beautiful revelation, as each of the four Shadows of the Ring of Divinity, Dishonour GK22, Turbulence GK36, Weakness GK37 and Doubt GK63, has the potential to awaken the highest consciousness inside you. This codon group in many respects is deeply connected to the true meaning of Christ Consciousness.'

'The Gift of Humanity truly understands emotions and consequently understands all people. This is a Gift that can only be earned. These are people who have looked deeply into their own Shadows. From this level, these people are no longer overwhelmed by emotions as they tend to be at the Shadow level but have opened and expanded themselves to life through harsh experience.'

'As a living transmission, the 36th Gift carries a great teaching into the world – the celebration of Humanity. This Gift contains a natural spirituality – it is one of the most grounded of all the Gene Keys. It is a bridge for the higher bodies of humanity to move down into the lower planes and transform them. The deepest role of the 36th Gene Key is to help humans to become humane - it is their courage and deep acceptance of the life process that eventually gives rise to the highest of human expressions – the expression of Compassion.'

'Compassion is Divinity embodied in humanity. Compassion is the seed that exists within Turbulence. The whole transformational journey through this Gene Key culminates with the release of this fragrance from our essence. This is where humanity and Divinity become One. This is where the current of evolution meets the current of involution. Even the darkest of natures can be instantaneously brought to tears through the presence of this 36th Siddhi. At the Siddhic level your own suffering becomes so Universalised that it encompasses all humanity. All boundaries of the self dissolve.'

Now, looking at the position of the South Node which is spearheading the whole of the planetary pattern, it remains on Gene Key 6, known as **The Path to Peace**, moving through the Shadow of **Conflict** to the Gift of **Diplomacy** to the Siddhi of **Peace**.

The Path to Peace is sustained through the overall resonance and awareness of humanity, who know that old patterns, conflicts and wars, simply recycle through time, until we break the pattern of engrained blame and projection and come to hold all in a deeper understanding. As we recognise how unresolved consciousness will manifest on Earth we heal the Shadow patterns held within the self and the Collective, finally discarding discord and division for the realisation that, we, as Humanity, are One, manifesting in a myriad of ways.

'Human beings are unconsciously addicted to Conflict. We long for Peace individually and globally, but our collective low frequency ensures that we keep reinforcing the patterns of Conflict.'

'At a heightened frequency, the 6th Gift pulls rapidly away from Conflict adjusting behaviour to create harmonious relationships with others. This is the Gift of Diplomacy – the ability to adjust your own behaviour to create a harmonious exchange. When one is able to see and own their unconscious projections, they actually rupture the collective Shadow patterns wherever they go.'

*'People displaying the 6th Gift are always attuned to the right timing of how to act and what to say through the strong resonance of their auric field. **These people feel physically into another person's aura - they can do this because it is a specific genetic gift and also because they are emotionally mature.** Emotional maturity means that your awareness operates even during the most profound emotional states.'*

*'This 6th Gift is breaking down the barriers in human relationships and dismantling the borders and barriers that keep people apart from each other – eventually and ultimately bringing peace to Earth. **'You might say that whilst the 6th Gift is the activity which maintains peacefulness the 6th Siddhi is Peace itself.** Peace is an auric vibration that surrounds anyone in a Siddhic state. Awareness is no longer trapped within the vicissitudes of the emotional human drama.'*

*'Profound changes occur in your physical body before, during and after this realisation. Since your outer walls have dissolved, the process is mirrored within your body chemistry and all inner conflict comes to an end. **It is as though all the cells within your body make peace with each other and experience their own inner Garden of Eden.** In this sense, the true Garden of Eden is the body itself. The waves of Peace that accompany this event travel deep into the collective consciousness of all humanity.'*

This is a profound time as the intensified encoded Light streaming onto and into the Planet assists us all to let go of our reactions and to come into this state of Peace. To assist this realignment, Venus, Neptune and Mercury are all on Gene Key 25, known as the **Myth of the Sacred Wound** which moves through the Shadow of **Constriction** to the Gift of **Acceptance** to the Siddhi of **Universal Love**.

*'If there is a single Gene Key among the 64 Gene Keys that captures the essence of the entire work, it is this 25th Gene Key. Within the 25th Gene Key lies the secret that men and women have always sought – the secret of love. **Here too lies the antithesis of love, the Shadow of Constriction.** Constriction exists wherever love is absent and it is the underlying source of all human suffering. **Constriction is the physical manifestation of fear at an individual and Universal level.'***

*'Here in the 25th Gift we arrive at one of the greatest and most powerful of all human Gifts, the Gift of Acceptance. **Because this 25th Gift represents the portal to the true nature of the Universe as Love, it has incredible relevance for all human beings.** The flowering of Love follows the burgeoning of Acceptance. Acceptance is based on taking the soft approach to life.'*

*'In order to accept something about yourself, and especially something uncomfortable, it first must be recognised. **This kind of Acceptance takes place when you build up the courage to look into your own Shadow.** The only way to transform the Shadow is to have the courage to simply feel the fear. The state of Acceptance is akin to "Spiritual Springtime" where everything seems new again, flowing more easily and freely.*

The 25th Gift makes it difficult to hold any resentment, judgement or indeed worry about life – for now you are carrying the Seed of Love. You will walk through life with an air of another world about you, whilst at the same time being deeply grounded and open to others. **When you can finally accept everything in your life just as it is right now you will have embraced the human wound.'**

*'The Sacred Wound that hides within each human being can be understood at three levels of consciousness. At the Shadow frequency, the wound maintains human suffering, at the Gift frequency the wound provokes humanity to evolve and **at the Siddhic frequency the wound reveals humanity's true nature as an Expression of Universal Love.** '*

'All that love locked away in our DNA. The DNA is just filtering it through the memory – the Ancestral memory. This is the embracing of the collective wound. It is the passage to Christhood or Buddhahood. We cannot 'get' there. We just have to keep opening, accepting, and the path leads us there of its own accord. It is our natural state. It has a certain flavour, a certain peacefulness – it is Universal Love, Unconditional Love. It is a deep knowing that emanates from our cells, the knowing that we are One.'

'Eventually, this revelation gives rise to the quantum leap to the Siddhic level of consciousness. The bodies of these people have undergone a radical transformation in order to be the receiver or chalice for pure consciousness. Those Beings who have attained realisation through this 25th Siddhi become, in some form, legends.' Whether Buddha or the Christ – the aura of such a person shines like a light down the centuries and is felt within the bloodlines of all future generations. ***Every time someone attains the 25th Siddhi a great genetic constriction is removed throughout Humanity***

Mars is on Gene Key 62 known as ***The Language of Light*** moving through the Shadow of ***Intellect*** to the Gift of ***Precision*** to the Siddhi of ***Impeccability***.

'Many people may be surprised to see the word Intellect represented as one of the 64 Shadows. The reason for Intellect being a Shadow is because it is based in dualism. Intellect only sees life in terms of opposites, black and white, right and wrong. Our world is fabricated out of that, and we do not realise it as we are so immersed in it. It is everywhere, in the structure of our societies, our language patterns, our emotional bodies, in the very way our perception operates.'

'But there are other modes of perception. The world of the Intellect is a construct and it is what the ancients called the Maya and the construct of Maya has not always been as rigid as it is today. There is a persistent intuition in humanity that a long time ago we saw things differently, there was a Golden Age, which still speaks to us from the ancient texts, the Vedas, the Emerald tablets, the Hermetic corpus, the Orphic tradition, the wisdom of the Kabbalists, the Druids and, the Shamanic Elders some of whom, still embody the old wisdom today. We live during the time of the Great Change and to see the Maya is to step through it and out the other side.'

'The 62 Gift of Precision is far beyond the realm of the Intellect, which is based on mere knowledge. Precision happens when natural intelligence strikes a balance between the heart and the mind, but with one caveat, that the heart, the feminine principle, is given control over life. The masculine principle, the intellect, then moves into service of the feminine principle, which is about intuition, listening and receiving rather than thinking, expressing and transmitting. As the Gift of Precision grows stronger it may seem as though the world gradually begins to come alive again. Intelligence recognises intelligence and with the mind out of the way the invisible essence that connects all beings is once again felt.'

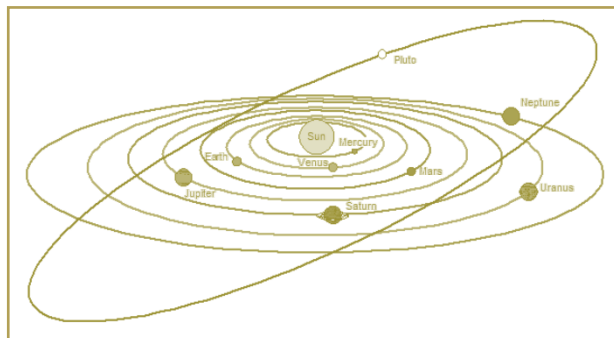

'The 62nd Gene Key is genetically coupled with the 31st Gene Key forming the codon known as the Ring of No Return. This mystical name describes the evolutionary process that takes place when higher consciousness reaches the throat centre. The throat centre is where the greatest human initiation occurs. Once the higher involuntary currents begin to use our voice to transmit their truths, you begin a process of detaching from your own identity.'

'The 62nd Gene Key allows access to the Universal Language of Light behind all forms. There is a deep magic woven into language – words become much more precise - as your language becomes purer you expose your heart to the world. Words spoken from Love are deeply healing. This is why there is no return once you begin to speak your truth – you have broken away from the lower realms forevermore.'

‘All ego has left the vehicle. Every word has its frequency and vibration and the order and tone of your diction creates a certain aura. At the Siddhic level words do not come via the mind anymore – they are not thoughts that become words. They emerge directly from the void, naked and pure.’

‘There is a Cosmometry behind life that choreographs all actions. The closer you come to full awakening the more harmoniously your life flows within this Cosmometry. When you finally merge into the ocean of consciousness you achieve complete oneness with the Divine. Divine Cosmometry is the language of perfection. ***It is the manifestation of Impeccability in which your every movement and breath becomes an emanation of the Pure Light.’***

Vesta and Juno, both orbiting within the Asteroid Belt, complete this Kite Formation – Vesta on Gene Key 1, moves from **Entropy** to **Freshness** to **Beauty** and Juno on Gene Key 34, moves from **Force** to **Strength** to **Majesty**. Both of these Keys hold a very ancient primal quality that is being evolved through time.

‘The 34th Shadow concerns the notion of individual human power. It represents an ancient part of our genetic matrix that is primarily based on individual survival – the survival of the fittest. This primal power has its roots deep within our genetic past – the reign of the dinosaurs is an archetype of the power lying within the 34th Gene Key.

‘When the 34th Shadow gives way to the 34th Gift a truly beautiful archetype emerges – human strength. What is fascinating about the connection between the Shadow and the Gift is the incredibly fine line between these two activations of the same essential energy code.

‘The difference between the Shadow of Force and the Gift of Strength is both miniscule and enormous. The Gift employs the same terrific primal vitality, but unlike the Shadow it does so through appropriate activities and correct timing. The result is a creative manifestation of aligned life force.’

‘Here in the 34th Siddhi, at its peak, the 34th Siddhi of Majesty blossoms. Once you have entered the Siddhi frequency all fear is purged from your system and the pure awareness of your body’s physical intelligence is revealed. It is as though the entire Universe were moving through your body. In the Ring of Destiny, the epiphany of the Higher Planes encounters and infuses the Majesty of the body on the lower planes. The result is pure fusion as Spirit enters Matter and imbues it with Divinity.’

At the Shadow level of Gene Key 1, we find the opposite of aligned Life force or Spirit/Matter fusion.

‘The Lower frequency of the 1st Gene Key is Entropy – ‘A measure of the disorder or unavailability of energy within a closed system’. This Gene Key’s Shadow creates a numbness. Because of the layers of our wounding, whether from our childhood or through inherited ancestral memories, the state of numbness is one of the most widespread human Shadow states.’

‘The 1st Shadow appears in your life whenever you feel flat or sad or low. The state of Entropy is rather like a vacuum state. Your system is recharging so the energy within you withdraws into a kind of stasis. The resulting feelings, or lack of feeling and/or enthusiasm provide a delicate environment for something quite special to occur, if you are patient enough to allow it. Every time an individual moves cleanly through their low frequency chemical process, they re-enact the creation myth – out of darkness suddenly light emerges and as if by magic the low energy field switches and is experienced as joy.

*This joy comes as unexpectedly as the sadness does. **This 1st Gift is called the Gift of Freshness because whatever emerges out of its numbing chemistry field is absolutely new.***

*'Freshness conveys aliveness, as though it refers to something burning with an inner fire. This is exactly how people empowered by the 1st Gift express themselves creatively, as though surrounded by a halo of something brought with them from another world. **This Gift brings the potential to be a clear vessel for the creative process so that evolution can flow through you and find its way to a permanent state of Love, Beauty, and Unity.***

Uranus, the planet of the Higher Mind, which aspects both the North and South Node at this time, has a high-frequency electrical resonance, creating a certain edginess and a desire to break free from restrictions, as it encourages us to break out of entrenched patterns of limitation or the status quo consensus. At the time of this Solar Eclipse Uranus would seem to be perfectly positioned to be a harbinger of change as it is on Gene Key 8 known as **The Diamond of the Self** moving through the Shadow of **Mediocrity** to the Gift of **Style** to the Siddhi of **Exquisiteness**.

'The 8th Shadow prevents individuals from rising out of the mass consciousness and exploring the real adventure of Life. The Shadow believes in a Life of playing it safe to make yourself and others feel comfortable which supports Mediocrity and Compromise. Mediocrity is defined by others rather than by yourself and Mediocrity has two main functions. Firstly, it stops you from thinking outside of the box. Under the influence of this low frequency you think like everyone else, look like everyone else and more or less behave like everyone else. The second function of Mediocrity is to serve the machinery of society rather than evolution. In other words you become a cog in the wheel of the systems established by man.'

*'To break out of the heavyweight frequency of the 8th Shadow you have to take an exciting leap of faith in yourself. This 8th Gift catches people's attention because it brings something fresh into the world. The Gift of Style has little to do with our popular interpretation of this word – it has more to do with following your own unique, rebellious spirit out into the world. **The 8th Gift is about manifesting individual dreams rather than simply dreaming about them.***

*'This Gift is wild, organic and unpredictable energy full of genius and quantum leaps. Such is the power of genius, for it carries within it more than just a new concept – it carries intent from a higher realm that is far beyond the individual through whom it manifests. **Their only concern is to free more free thinkers – thus such people inherit a powerful mission in the world.***

*'People of the 8th Siddhi are not leaders. They are examples. **The 8th Siddhi of Exquisiteness is the natural revelation and manifestation of all the Siddhic states. Each Siddhi is holographic in the sense of being reflected within all other Siddhis.***

'Exquisiteness is experienced when the Divine Essence begins to shine through the individual. In this state of Bliss, you fall in love with your own pristine manifestation because it is through this uniqueness that the Divine currents can be accessed.

his is the stage at which you achieve transcendence of your genetics. There is an inner Light and Wisdom that has a powerful and liberating effect on others, freeing them from the structured systems. Such people create their path as they walk it.'

'Their legacy to the world is to dismantle all concepts of how one should live or what one needs to do in order to attain any particular state. They sparkle like exquisite rare jewels. They shine like a diamond in the heart of creation and wherever they look, they see other diamonds in various states of clarity – each one unique, each one exquisite and incomparable.'

Looking finally at where the Sun Moon and Earth are at the time of this Eclipse - they are on Gene Key 17 moving through the Shadow of **Opinion** to the Gift of **Far-Sightedness** to the Siddhi of **Omniscience** and Gene Key 18 moving through **Judgement** to **Integrity** to **Perfection**.

*'As we look at the pairing of the 17th and 18th Shadows, we see two of humanity's greatest mental gifts and dilemmas the 17th Gene Key Shadow of Opinion and the 18th Shadow of Judgment. **These two qualities epitomise the logical left hemisphere of the human brain.** Our ability to base an Opinion on logical Judgment is one of the great powers of human beings. **It is this combination that sets us apart from all other creatures and yet it is also what has pulled us away from the reality of our interconnectedness with all other creatures.'***

*'The 17th Gift is a mentally dynamic gift – it does not sit idly by with a philosophy of passive acceptance. **This Gift has a purpose and that is to understand the minute mechanics of life as well as seeing the whole picture.** The true purpose of the 17th Gift is to uphold Integrity, by challenging all misrepresentations of truth in the world. The very quality that leads to narrowmindedness at the Shadow frequency has a mission to create open-mindedness at the Gift frequency. **Once freed from the Shadow frequencies of mass consciousness the 17th Gift has the ability to see higher dimensions and realities - looking ahead to the future and linking one phase of evolution to another.'***

'It is working with the Gift frequency that the process known as the opening of the Third Eye begins. This Gift brings access to a whole new inner language that circumvents the need for one sided, dualistic expression.'

*'Thus, Far-Sightedness can be said to arise directly out of the heart rather than from the mind. **This 17th Gift is in fact the true instrument of human perception.** Through the 17th Siddhi of Omniscience the human mind will finally see the perfection and beauty of our oneness with all of existence and through the 18th Siddhi of Perfection we will actually bring that vision into full manifestation.'*

*'The 17th Siddhi directly corresponds to the open 3rd eye. Where seeing and the seen are one. A single eye through which consciousness pours and where past present and future are a single eternal screen of consciousness. **These are the true seers and oracles.'***

*'At the level of the 17th Siddhi consciousness sees through you rather than you seeing through it. When the 17th Siddhi comes into the world it comes like a Divine afterthought. **It is one of the seven powers of Grace.** It is where the body becomes an instrument for consciousness and there are no borders, levels, opinions or past lives, for the Siddhic level sees an endless fractal pattern of life – repeating over and over – the same but always new – the serpent eating its own tail. **This is a Siddhi that sees and knows only Perfection.'***

*'The deepest irony of all life is caught in one famous mystic's words: **'God can only come and visit you when you aren't there'** or put another way, if you want to know what Omniscience looks like, you, the personality, have to cease to exist.'*

The Earth on Gene Key 18, is known as **The Healing Power of the Mind**, and is central to all that this eclipse is revealing, as it is the confused, separated mind that underpins all that presently distorts our perceptions, beliefs, and actions.

*'The 18th Shadow begins in your childhood and it gives rise to a collective phenomenon in the world known as the 'victim mind'. **This victim mind is a conglomeration of all the judgemental, undermining thought patterns, throughout the world.** The world of the victim mind is an inner world of gossip, complaining and worrying. All of which create a negative frequency in the human aura. **The 17th and 18th Gene Keys are partners and as such the Shadows of Opinion and Judgment create much misery in the world.'***

*'When we are free from the trap of the victim mind then Judgment becomes Integrity. Integrity presupposes that we are developing an inner view. Without an inner view, we are lost in the Shadows. **As we evolve and begin to awaken we begin to learn how to take responsibility for our own flaws.'***

*'We can only really enter into the field of Integrity when we are no longer in reaction. To uphold Integrity, we have to be courageous – we have to challenge anything or anyone who does not meet our high standards. **Integrity uses Judgement in an objective and impersonal way.***

'This is the Gift of the 18th Gene Key - not to use or take Judgement personally, but to learn to judge from the heart. Judging from the heart is never cruel because Integrity has only one purpose - to serve the whole in the spirit of Truth and Compassion assisting others to step out of the victim mind.'

'The 18th Siddhi is not often seen in the world today - it involves an archetype of Perfection. If the 18th Gene Key is activated within your hologenetic profile then you will continue to lead humanity towards Perfection in any and every way you can conceive of.'

'Someone demonstrating the 18th Siddhi is above the victim mind – when they look at someone, even someone who appears genuinely evil, they will only see the Higher Self hidden in that person. By holding this high thought frequency they influence hidden currents of energy that raise the frequency of others. This is called Siddhic thinking and it involves thinking with the heart.'

'The 18th Siddhi serves a very mystical purpose – it heals the split in the mental plane itself bringing humanity closer and closer to its realisation of Oneness. It cannot and will not sit still until this great rift in the world mind has been healed.'

'The 18th Siddhi is the source of the tradition of the Bodhisattva Vow. The Bodhisattva Gene Keys keep returning to the planet as individual human beings whose sole purpose is to build this collective vision of Perfection on the material plane. As we will all one day see, the end of this story also happens to be the beginning of our Universal Life.'

As the Solar activity continues to build, may this powerful Eclipse Cycle assist us in navigating the memory patterns, held within the Akashic field, clearing and blessing all back into **Perfection**, with infinite **Compassion**, as the past is released and realigned into the timeless qualities of **Peace** and **Universal Love**.

Love and Blessings to All
