

Newsletter 01 – June 2020

These are worrying times for everyone, but life goes on.

YOU have all helped by either working so hard over the last few months or shielding yourselves from possible infection or supporting the ones you love.

Everyone's role has been vitally important.

Thank You all for the hard work over the last few months of the Covid-19 pandemic. You have ALL made a massive difference.

WE all still need to work hard at making things right and we can all help by remembering Social Distancing, symptoms possible of Covid-19 and good old fashioned hand washing with lots of hot soapy water or hand sanitiser.

Hopefully things will improve soon.

STAY SAFE * CONTROL THE VIRUS * SAVE LIVES

Citizen Aid app

If you don't know about it already, there is a great app for you to keep yourself up to date with how to respond to various situations, (medical / terrorism)

UK Terrorism Threat Level

PLEASE BE ADVISED THE CURRENT UK THREAT LEVEL HAS BEEN CHANGED TO SUBSTANTIAL as of 04/11/2019

The threat level for the UK from international terrorism is set by the [Joint Terrorism Analysis Centre](#) (JTAC).

SUBSTANTIAL means an attack is likely

Threat levels

There are 5 levels of threat:

- low - an attack is highly unlikely
- moderate - an attack is possible but not likely
- substantial - an attack is likely
- severe - an attack is highly likely
- critical - an attack is highly likely in the near future

Threat levels do not have an expiry date. They can change at any time as different information becomes available to security agents.

If you see or hear anything that could be terrorist-related trust your instincts and call the anti-terrorist hotline on **0800 789 321**

Please refresh the knowledge of staff that have received either Project Griffin or Project Argus training and deploy staff who have received training in behavioural detection (where you have them). The London Regional Counter Terrorism Protective Security Unit have provided further guidance and recommendations for businesses and security staff.

We also recommend that security operatives refresh themselves with how to be vigilant by watching the video 'Personnel security - Eyes Wide Open' by the Centre for the Protection for National Infrastructure (CPNI).
