**Practice Nurse:**

Mrs Anne Rumbelow RGN

T: 07900 99 33 59

Dear Sir/Madam

### **TREATMENT LETTER: YAG LASER**

#### **Information**

Further to your recent outpatient consultation, I am writing to confirm your treatment. This letter sets out some important information that I am required by law to provide to you in relation to your treatment. This is for your information only and is not a bill.

#### ***Reason for Treatment***

As discussed during our consultation, I recommend that you have some YAG laser treatment (procedure code C7340 unilateral or C7341 bilateral). The reason for this is to clean the capsule around your lens implant and improve your vision.

#### ***Consultant Fee Estimate***

My estimated fee for carrying out the proposed laser treatment will not exceed £280 for one eye, or £500 if both are treated. This does not include the clinic fee which is explained below. You will then be seen for a follow up appointment (£180) to check all is well.

#### ***Services and Fees not included in the estimate***

Please note that the above estimates do not include other treatment that may be required if any unforeseen complications arise during your treatment. For example, costs associated with further treatment or additional care.

#### ***Clinic Fees***

Please note that above estimate does not include any fees that the clinic may charge. For information on the clinic's fees, please contact them directly on:

The London Eye Diagnostic Centre: 020 7323 5967

HCA Healthcare Diagnostics: 020 3277 0160

**Practising out of:**

23 Harley Street, London W1G 9QN • The New Malden Diagnostic Centre, 171 Clarence Avenue, New Malden, Surrey KT3 3TX  
The New Victoria Hospital, 184 Coombe Lane West, Kingston upon Thames KT2 7EG

GMC Registration Number: 3122882

The clinic will make a charge each time their laser machine is used (usually around £200) on the day of treatment and my fee will be charged by way of invoice after your appointment. A guide to laser prices is attached for your information.

### ***Payment***

The clinics (the London Eye Diagnostic Centre or the New Malden Diagnostic Centre) usually like to make their charge on the day or if this doesn't happen will invoice you afterwards. My fee will be sent to you by way of invoice afterwards. If you have private medical insurance, please contact your insurer before your treatment, to check whether this is covered by the terms of your policy and fees for your treatment will be claimed directly from them.

Please note you are responsible for any fees not covered by your insurer.

### ***Quality Information***

You can compare independent information about the quality of private treatment offered at the hospital and other private healthcare providers from the Private Healthcare Information Network (PHIN) website: [www.phin.org.uk](http://www.phin.org.uk).

Yours sincerely

**MR SIMON E HORGAN FRCS FRCOphth  
CONSULTANT OPHTHALMIC SURGEON**

**Consultant Ophthalmologist at  
Moorfields Eye Hospital & Moorfields NHS Trust**
