## WORLD PEACE AND PROSPERITY FOUNDATION

The World Peace and Prosperity Foundation (WPPF) is a non-profit organisation, with the main aims to promote and advocate peace and peaceful resolution of the conflicts through discussion and better understanding of political, economic and cultural differences, to encourage multicultural and multi-faith tolerance, multinational cooperation which would lead towards better sustainable life and to support disadvantaged people and societies, in need of basic sustainable resources, such as food, water, energy, clean and healthy environment and life saving medical help. The WPPF supports the education, promotion of individual talents and recognition of exceptional national and international achievements. WPPF awards those who significantly improve people's lives and provide help for underprivileged and destitute members of the global society.

In 2012 the WPPF Committee decided to inaugurate an Annual Award for the most distinguished persons and contributors, nationally and internationally, who achieved peace and harmony between people of all ages and nations, mutual cooperation and better relationships between international diplomatic, commercial and cultural representatives in the UK and Worldwide friendships.
