

March 2024

Dear Resident,

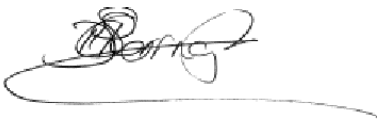

**RE: Construction Works update**

Works to create a new 'haul' road for construction traffic and a temporary car park will be starting in April and are due to complete in June 2024. JB Riney and Co Ltd, an experienced groundworks contractor, will be carrying out these works.

In the construction works leaflet that accompanies this letter, you can find out in more detail about the works and what this means for residents. These works will help with the construction of the new homes on the estate.

If you have any questions or would like this information in another language or format, please contact: Numan Hussain, Community Engagement Officer on 07976 070667 or Dionne Johnson, Community Engagement Officer on 07805 918698

Yours sincerely,

David Sherrington,

Programme Director, Broadwater Farm Improvement Programme
