What things are missing or what things would you like to see more of in school?

Is your child happy in school?

Is the area of your child's development that is most important to you being addressed in school?

Do you see progress in your child's development?

Do you feel you get enough information about what is happening at school eg. through the website ?

Ideally peers would all communicate , verbally and behavioural issues and higher P levels stage 1/2 curriculum and sensory issues of an ASD condition are researched and clearly understood by all.

meetings are well organised.

Parent Group discussion with sharing of parenting issues.

Knowing how regular staff are updated and trained on ASD.

Swimming sessions /physical actives for my child and advice to help my parenting skills.

Mainstream contact for my child in order to learn a range of skills. parent workshops /meetings

Makaton, Speech therapy , OT Behavioural , How to use PECSS. Sessions how progress of our child and how we are able to

I think the young children need older peers from other classes .

More time spent with speech and language.

Good communication between parent and teacher.

Weekly SALT & OT delivered by therapists themselves especially as child's diagnosis needs that crucial level of input.

In relation too this question one parent has seen a progression now that their child is out of Sunflower class

I would like to think yes, but my child's

Literacy/ Reading / Writing and Attention- limited anxiety and motivation by stimulating environment. Staff that's are sensitive to my childs needs.

Mixed - yes with other children curiosity , no with anxieties over brand new issues.

Sometimes , I think the website needs to be updates a be more frequently
