**Recipe for mayonnaise scones.**

A beautiful sensory activity. Please get ready for the mess and enjoy it. Prepare it in an area easy to clean up. Feel free to modify it according to dietary requirements and preferences. You can add raisins, cheese or nuts.

We have baked this in class before so the children might remember how to do it. They enjoyed the sensory feel of the ingredients. They had fun breaking the eggs and exploring it.

## **Ingredients**

Serves: 10

2 cups (250g) self-raising flour

2 tablespoons caster sugar

1 cup (250ml) milk

90g mayonnaise

## **Directions**

Preparation:10min › Cook:25min › Ready in:35min

Preheat oven to 180 degrees C. Line muffin tin with 10 paper muffin cups.

In a large bowl, combine flour and sugar. Stir in milk and mayonnaise until a smooth dough is formed. Spoon batter into prepared muffin cups.

Bake in preheated oven for 25 to 30 minutes, until golden brown and doubled in size.

# Big and small Circle painting

Experiment with different printing tools: sponges, leaves, objects, vegetables, card, paper)

You can use different sized containers or objects found in the house. The children's ability will differ in placing a circle into another circle. This art activity builds up on the Maths, sizing and sorting activity of size last week.

## I Can

Name primary colours with different levels of support.

-Hold mark making tool (independently or with hand over hand support.)

Use one handed tools (Scissors)

Develop hand to eye coordination with activity.

-Explore as many textures as possible independently or with support)

-Mix paint (with support or independently) to obtain colours.

-Develop vocabulary and symbol knowledge related to colours, shapes and emotions.
