

Dragonfly class activity week 6

Growing Spring Onions

1. Save the ends of the bulbs, leaving roots attached
2. Stand the bulbs root-end down in a small jar
3. Set on a windowsill and keep the roots moist. After a few days, green shoots will emerge from the tops of the bulbs. ...
4. Keep the roots submerged and change water at least once a week
5. Once started the plant regrows rapidly
6. Ok, time to cut and replace, eat or repot
