

Going to the

toilet

A Social Story

Each day I go to school.

I get to play with toys
and do lots of fun things.

But when I have to go
pee or poop, I have to
hurry to the toilet and
sit down to go. It feels
good to go in the toilet
like a big kid!

Sometimes I might have accidents and go in my pants. Then I will have to practice going to the toilet, so I can always learn to go pee or poop in the toilet.

After I have been to the toilet like a big kid, I must wash my hands.

Then I am ready to go play again!

If I go to the toilet like
a big kid,
my friends, teachers and

I will be happy.
