Dear Parents/Carers

Tuesday 5th February 2019

Dear Parent/Carer,

Subject: Parental Consent Form – Photographs and Video Recordings

We are currently updating our GDPR consent register and are requesting your consent to process personal information that falls outside public interest. This includes:

- Use of photographs for specific purposes.

Within GDPR we are able to use your child's photo for education purposes. This includes recording achievement, safeguarding, accreditation portfolios, classroom, health and safety and school displays etc. However it is really helpful for us to be able to use our children's photos for a wider variety of purposes etc. For those **(listed below and overleaf)** we need your specific consent.

Where the school processes your data based on your consent, you have the right to withdraw this consent at any time.

Please return this form to Felicia by Thursday 7th February 2019

Child's Full Name	Child's Class

I give my permission for:

My child's name to be used on the school website and printed publications
