

6.1.13

Dear Parents and Carers (those who haven't yet completed this permission!!)

**Multidisciplinary Team Working at The Brook**

Please find attached a copy of the Protocol for Multidisciplinary (MD) working at The Brook. This is a way of ensuring a Team Around the Child approach to working with all pupils, so that all information is shared as appropriate and there is a level of consistent communication between the Team members.

Throughout the school year, every other Wednesday at The Brook, from 12.30pm – 2.00pm the MDT meets to discuss particular students from a health, safety or safeguarding perspective.

Please confirm below that you are happy in principle for the The Brook MDT to include your child in discussions when required.

Best Wishes

Margaret Sumner  
Headteacher
