

## The Manor Trust Bedhampton

19 March 2017

### Reviews from relatives of some residents at the Lodge

Preface:-

The Lodge puts emphasis on quality of life and independence as well as end of life care.

Some comments that we have received over the past few months from residents and relatives are printed here;

*'I didn't know there were homes like this! Well, homes that actually help you to do things for yourself as I thought you had to be quite poorly before you could come. My daughter is thrilled.'*

~~~~~

*'I was so pleased that you do your own laundry as I had thoughts of mother's clothes being lost or sent to another home.'*

~~~~~

*'When I read that the staff had been here for a long time I thought, that is just the home for mum.'*

~~~~~

*'I am so relieved that aunty can stay because I never thought that you were allowed to give this type of care. I understand that the doctors and nurses take such an interest too. What more could I ask for?'*
