EXIT SYSTEM

Everything in one place and not a dog-eared diary,  
spreadsheet, or bottle of Tipp-ex to be seen!

# LYNCHPIN MOT BOOKING MANAGER

The system enables ATF Centres to simplify and streamline the paperwork processes of booking, tracking, and invoicing MOT lane slots. Simple to use it:

- can be used as standalone, or integrated with LYNCHPIN workshop control system
- can book Mots using the electronic diary 12 months in advance
- single or multiple lanes - instantly see booked and free time by lane for any day
- 5 minute time slots with the user option to increase or decrease available daily slots
- colour warnings instantly shows lane time booked and available
- bookings by next available slot (next free 10, 15, 20, 25 through to next 65 minutes)
- completes MOT descriptions automatically displayed along with axles, minutes to do and charge
- payment by cash, on account, BACS, direct debit, credit card with credit card charge levy
- allows you to allocate lunch break by lane
- make customer bookings where you don't yet know the vehicle or its registration
- send customer confirmation emails advising booking date and time
- add voluntary tests and automatically update future bookings with fees increase
- options for extras such as lane and weight fees, brake tests, emission tests, etc
- automatic invoice and pro-forma production
- consolidated invoice where customer has multiple tests on same day, and you want to produce one invoice for all tests
- automatic updating to accounts package such as SAGE, Xero, QUICKBOOKS etc
- instant analysis on MOT booked, MOT pass rates, and MOT failure analysis
