

Bathrooms

When it comes to install a bathroom in your home you don't need to worry as we can advise you on everything from what will fit/ look good in the room, to makes, models and styles of the suite. Our bathroom engineers have an in-depth experience and can install a bathroom to your requirements from traditional, to modern and even extravagant and bespoke fitting.

You may then purchase your own fixtures and fittings or leave it to us to source them for you. Then our bathroom experts will install a bathroom to your specifications and budget.

We won't just install a bathroom for you we will go the extra mile and tile the room to give you the finishing touches you dreamed of.

When our engineers install a bathroom we do as much or as little as you require.

Some of the install a bathroom services we offer are:

- Strip out and dispose of old bathroom suite
- Re-board and re-plaster walls
- Remove old wall tiling and prepare walls for tiling
- Prepare wood floors for tiling
- Tiling with marble, natural stone, porcelain, mosaic
- Install bathroom suite
- Install radiators and towel rails
- Install light fittings and do electrics
- Painting and decorating to ceilings, doors and wood work

All the above services can be included when our engineers install a bathroom for you.

Our engineers don't just install a bathroom they also offer complete refurbishment and installation, including:

- New showers
- Wet rooms/ walk in showers
- Jacuzzi and whirlpool baths
- Specialized lighting
- Under floor heating
- Power showers
- Stand alone baths
- Custom made vanity units and cabinets
- Flooring
- Decorating

- Structural changes/remodeling
- Electrics
- Fixtures and fittings

We are aware of how much your home means to you, which is why whilst we install a bathroom for you we ensure that we cover your flooring and any furniture with the potential to be effected with dust sheets. It is also why, after we install a bathroom for you we tidy up after ourselves and remove any mess and rubbish we may have created.

When Jackman Plumbing install a bathroom we always ensure you are happy with everything as the job is going along and aim for 100% customer satisfaction upon job completion.
