

LEARNER COMMENTS

"I like so much the course, the teaching method, the approach."

- **Learner**

"Now I can go to the doctor by myself without interpreter and I go to my kids' school to meet the teachers."

- **Learner**

"I can fill my forms without asking any help."

- **Learner**

PARTNER COMMENTS

"We've noticed such a difference in the learners. They are more confident speaking to staff at the centre"

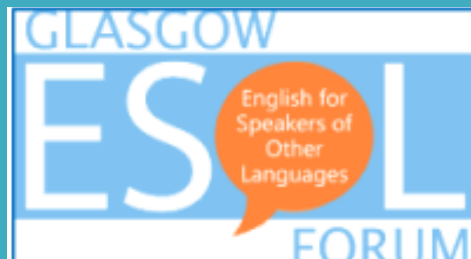

- **Community Partner**

"I heard great things from the training yesterday- they (the employees) loved the practical information."

- **Employer**

"I've had good feedback from housekeeping and staff are more confident speaking English."

- **Employer**

GLASGOW ESOL FORUM

ESOL for Work Project

The ESOL for Work project delivers SQA ESOL, ESOL for Employability and ESOL in the Workplace courses for English language learners to:

- Improve language skills and confidence with English
- Reduce barriers to employment, training and educational opportunities
- Utilise English language skills inside and outside the classroom
- Support learners to progress in their English language learning journeys

ESOL FOR EMPLOYABILITY

Since 2006, we have worked with learners across a wide variety of sectors including community, transport, healthcare, hospitality and manufacturing.

The short courses we deliver are learner-centred, aiming to address the specific language needs of learners within that organisation.

Our past and current partners include:
Toryglen Community Base, Chinese Community Development Partnership, Maslow's Community Shop, Grand Central Hotel, DoubleTree by Hilton Hotel, Meallmore Ltd.

SQA QUALIFICATIONS

We are an SQA- accredited centre. The qualifications we deliver include:

- National 3 ESOL
- National 4 ESOL
- Working with Others core skills units.

Taught by qualified tutors, each unit requires candidates to commit to twice weekly class attendance for 18 weeks in order to prepare them for skills and project assessments.

Candidates gain SQA certification on successful completion of their assessments. In July 2019, we received the rating of 'high confidence' as an SQA centre.
