

PENTLAND COMMUNITY ENTERPRISES

NEEDS YOU

Pentland Community Enterprises have two spaces on their Board for independent members.

The Board of Directors are made up of volunteers, of which there should be a wide representation from the community.

By becoming a Board Member of Pentland Community Enterprises, you will receive free training to improve your skillset, which can be added to your CV.

Are you looking for a rewarding way to use your talents?

Can you help us provide even higher quality services to our customers and improve people's lives?

Pentland Community Enterprises (PCE) was established in 2006 to provide opportunities for the Pentland Housing Group to enhance its social impact beyond core housing services. Incorporating Pentland Energy Advice (PEA), we have a wider remit to support and invest in local regeneration and help sustain local communities.

We need people to join our Board who identify strongly with our aims and purpose and have some relevant experience that will help promote and support the organisation, particularly in the following areas:

Good knowledge of the needs of our communities

Social enterprise management

Finance and financial management

Business development

For further information about us and how to apply, please contact Rachel Harness Corporate Officer, 01847 807112 or email
