Our Core Team

We are Independent Educational Consultants

Purpose

To provide **Additional support** to students and families

To deliver a healthy process **not a guaranteed outcome**

Commitment to being **honest** with students and families **about the likely outcomes** of their admissions process, no overpromising

Process

1-2-1 work **tailored to the student** and family

Enabling **informed choices** and creation of each student's strongest possible applications

Working in **collaboration with schools** to deliver the best outcomes

We do not guarantee an outcome

Payment

Payment is taken from families to support students based on **their needs and fit**

Ethical Code

Adhere to a Professional **Code of Ethics**

Hold **Professional Accreditations**

Members of **Professional Bodies**

Committed to regular professional development and direct training

"Financially, it would be catastrophic": A university principal on Quebec's tuition hikes

Sébastien Lebel-Grenier, principal and vice-chancellor at Bishop's University, says that Bishop's could lose 90 per cent of its out-of-province students—forcing the university to slash a quarter of its budget

Concordia students set to strike to protest against tuition hike: 'We're not going to sit back'

At least 6,000 students plan to walk out on Wednesday, Thursday and Friday — and more strikes could follow.

McGill, Concordia, UQAM and Bishop's University students protest against Quebec's tuition hike in Montreal on Oct. 30, 2023. PHOTO BY DAVE SIDAWAY /Montreal Gazette

Quebec

Bishop's, Concordia, McGill

- Francophone government increasingly concerned with monolingual English speakers seeking a 'cheap' education
- New Law proposed to increase **out of province** fees at the English-speaking universities (including **Canadian students living overseas**)
- French Passport holders (and other Francophone agreements) are not impacted
- McGill introduced a scholarship to cover the difference and Bishops lobbied and gained an exception

THE STUDENT

Canadian government caps number of student visas for next two years

The Canadian government will cap the number of study permits that are processed for international students over the next two years to sustain the number of international students entering the country

Financial stress, exploitation takes deadly toll on international students as temple reveals 47 deaths

Religious leader says at least 47 Indian international students in Surrey, B.C., have died from drug overdoses and suicides.

by Lorne Putman · October 13, 2023

EDITOR'S NOTE: This story includes discussion of suicide. If you or someone you know is thinking about suicide, support is available 24/7 by calling Talk Suicide Canada (1-833-456-4566) or, for residents of Quebec, 1 866 APPELLE (1-866-277-3553).

In the past two years, at least 47 international students from India have died from drug overdoses and suicides in the Lower Mainland of British Columbia, according to figures gathered by the Gurdwara Dukh Nivarin Sahib in Surrey. More than \$200,000 has been spent by the Gurdwara on sending the bodies back to India.

A person with long blonde hair, wearing a dark floral patterned shirt, is looking at a smartphone. In the foreground, there is a small Canadian flag on a white stand. Below the flag, a 'VISA APPLICATION' form is visible on a wooden desk, with a silver pen resting on it. The background is slightly blurred.

Immigration Changes

- The federal Canadian government has announced a restriction on the number of student study permits that will be issued
- New requirement for Provincial Attestation Letters (PAL) to apply for Study Permit - process currently in development.
- Minimum Funds required for Study Permit increased from CAN\$ 10,000 to CAN\$20,632
- Quebec has different funding rules, and it is hoped that the Quebec Acceptance Certificate (CAQ) will be usable instead of a PAL

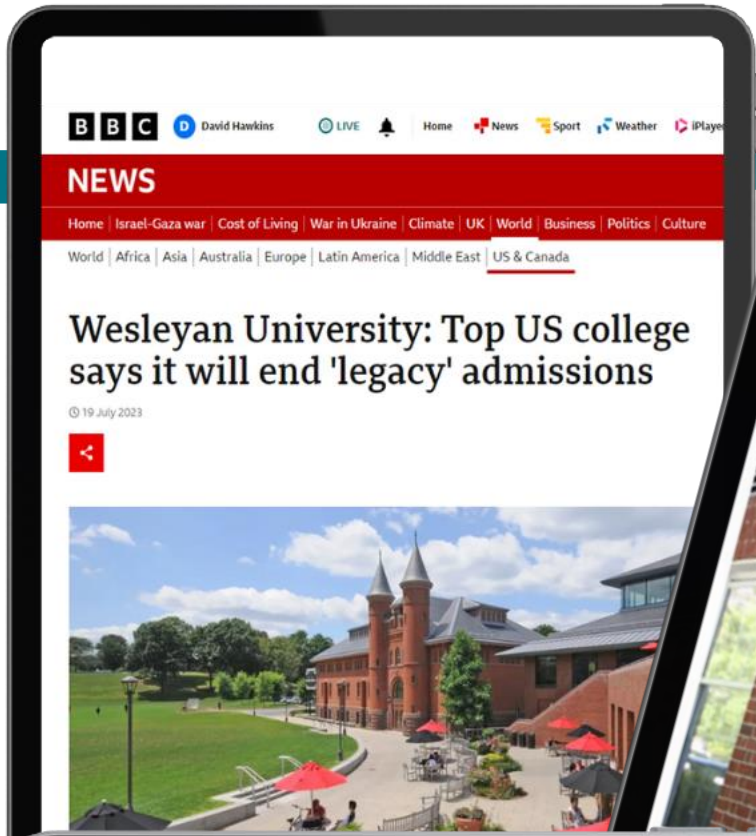

**CANADA'S
STUDY PERMIT CAP**

What's going on in the USA

- Legacy
- Increase in in-state apps to Public schools
- Direct Admissions

Legacy

- Increasing campaigns to end its use
- Policy Changes
- Direct Admissions

Public Universities & Out Of State

- Increase in denied and deferred from public flagships including

UNC Chapel Hill

Clemson

U Michigan

- Surge in In-State Applications to many public flagships

Today, let me start with the idea of “skip-over schools.”

This is a trend I’m finding among those families who start the college search with an “Ivy Plus or bust” mentality. **When that acceptance doesn’t come in as expected, then they skip over what most of us would consider the “next ring” of selective colleges—especially if they care more about money than prestige.**

I’m reluctant to name names yet of these skip-over schools without fully absorbing the quantitative data, but think of privates just outside of the top 40 or 50 in the national rankings, outside the top 20 or 25 among liberal arts colleges, and publics in those tiers that don’t give out boatloads of merit aid, which makes their net price too high for some families.

Many of the schools in what I’ll call the “second ring” have been able to maintain a healthy proportion of full-pay or close to full-pay families after they are rejected from Ivy Plus institutions. That is, until now...

...some families are increasingly skipping over this next ring of institutions from the very top because they don’t get good offers of merit aid. So, instead, the families chase dollars from a set of institutions deeper in the rankings or the kid heads off to an honors college at a flagship public with a low net price (sometimes zero) and lots of perks, like early access to course registration and sponsored research projects with faculty.

Jeff Selingo’s ‘Next’ newsletter, available via LinkedIn

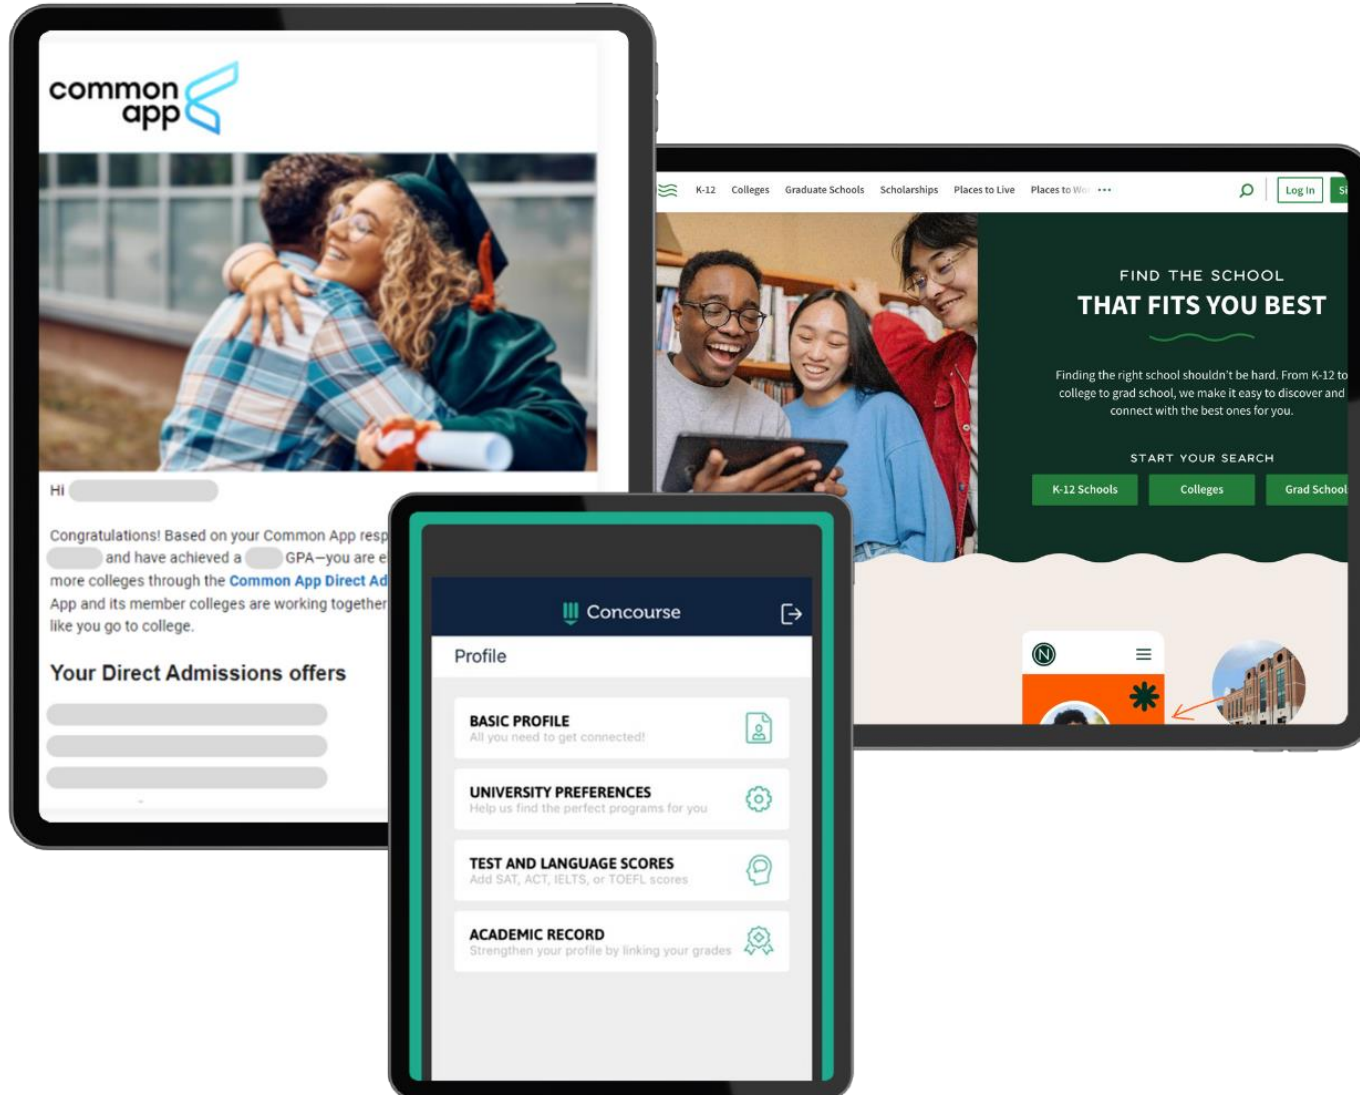

What is happening?

- UNC threatened to fine any campus who over-enrolled out of state students
- Clemson received 36,000 EA apps
They denied 400
They admitted 13,000
They did not have time to read most OOS applications so deferred them
- This trend is happening at many well-known public universities

Direct Admissions

Flipping the script of the admissions process

- Concourse in partnership with EAB
- Common App
- Niche
- Maia Learning from next year

Norway

Change to fee status

- Tuition fees introduced for non EU/EEA and Swiss students from autumn 2023 at public institutions
- BBA at BI Norwegian Business School
£9,700 per year
- BSc International Environment and Development Studies at the Norwegian University of Applied Sciences
£8,000 per year
- BSc Data Science at Kristiana University College
£10,300 per year
- BA Dance at the University of Stavanger
£13,500 per year
- BSc Biology at Nord University
£12,000 per year
