A selection of open comments from attendees on what they enjoyed, learnt and will take away with them:

"I learnt a lot and I hope my experiences also helped It was mindblowing"

"It really gave me an insight into what it is like to have lived experience of Autism"

"It was useful and included people with Autism's own accounts and perspectives. Not deficit focussed but experience focussed"

"This is the best course I have every attended, in fiftee years in education and the charity sector. Judith is an exceptional facilitator. She gave us all the opportunity to explore challenging and world view chaning ideas, in a safe and supportive space. I would recommend this course to teachers, experts by experience, support workers, health care professionals and parents."

"The course was excellent. It was powerful and challenging. It provided an excellent starting point for my learning and has left me wanting much more. The conversation between a group of people, some with lived experience and some without was facilitated in such a safe and confident way. There were moments of revelation/new learning I think for everyone and I felt this was supported well. Thank you. "
