

Class Teacher

Join us at the start of your fantastic career

We are looking to recruit newly qualified teachers to join our trust.

We will work with you to be the best you can be.

We know how hard your first year as a class teacher will be and we will give you lots of support.

In addition to your entitlement to professional development we will provide

- an innovative induction programme to support you

including working with colleagues in a teaching school,

- pastoral support, regular meetings with our network of other NQT's from across the Trust,
- a dedicated mentor,
- input from our School Improvement Partner

Once the initial year is complete the support will continue along with great opportunities for career progression.

The Trust cares for 3500 children across Coventry and Warwickshire in our family of 12, primary, infant, junior and secondary academies.

Our vision is simple: to build a better future for all within our academies who will in turn positively impact their communities.
