

## Neighbourhood Plan

Rottingdean Parish has been given the go-ahead to develop a Neighbourhood Development Plan. This will add weight to planning and development policies adopted by the village via a local Referendum. We hope that to hold the Referendum this year.

We carried out Focus Groups, meetings and a Village Survey in 2013 before drawing up the draft vision for the village and testing priorities for the Plan.

The questionnaire was publicised via a card delivery to all households in the Parish, i.e. 1560 addresses. The questionnaire was available electronically via a link from Rottingdean Parish Council website [www.rottingdean-pc.gov.uk](http://www.rottingdean-pc.gov.uk) to Brighton & Hove City Council website where it was hosted. Paper copies were made available to those either unwilling or unable to complete the questionnaire on-line.

The questionnaire was directed at residents, those working or studying in the village or visiting regularly for other reasons. The survey period was from Saturday 3 August to Friday 27th September to encourage maximum participation. A total of 181 completed questionnaires were returned; 153 of these were electronic returns and 22 were on paper.

Results were collated by Brighton & Hove's Environment Initiatives Team and presented at a meeting of Rottingdean Parish Council on 7 October. These findings will help to inform the development of our Parish Neighbourhood Plan. Many thanks to all those who took the time to complete the survey.

### **Housing Needs Survey**

Rottingdean Parish Council carried out a Housing Needs Survey at the start of 2015, with the professional assistance of AECOM. These have now been analysed and are summarised here [Rottingdean Housing Needs Survey Conclusions and Recommendations](#)

These findings will help ensure our Neighbourhood Plan takes into account local housing needs.

Updated August 11th 2015

### **Emerging Neighbourhood Plan**

Following on from the Village Survey, we drew up a set of Objectives for the Plan and consulted the Parish on these in summer 2014. The survey results were as follows:

[Vision and Strategic Objectives Survey Summary](#)

Given concerns regarding Objective 6 (Planned Housing Growth), we revised this to reflect the need

for infrastructure to keep pace with any new development.

### **Policies**

We are completing a set of policies to help achieve these objectives and aim to publish a consultation draft of the Neighbourhood Plan in 2019.

If you would like more information about the Plan or to contribute to this process, please email our Parish Clerk, Kevin Kingston.
