SOLICITORS

Commissioners for Oaths

A simple illustration of the workings of the new regime which came into force on the 1st April 2013 can be seen below:

If your claim relates to a workplace accident with a fixed success fee of 25% which settles before trial for £50,000.00; £12,500.00 of your damages would be payable to your Solicitor under the new regime representing the success fee as this is no longer recoverable from your opponents. You would therefore, only receive £37,500.00 of the damages awarded to you. As we do not charge a success fee, you would be entitled to keep **all your damages** as we guarantee 100% of your damages with no deductions.
