

## Introduction to Fearless - e-training for Professionals

Fearless is the national charity Crimestoppers' youth service. Aimed at 11 to 16 year olds, it helps empower young people to make positive, informed decisions about reporting crime. [Fearless.org](https://www.fearless.org) features an A-Z of crime to educate in a non-judgmental way and uniquely, young people can use the site to pass on information about crime they've witnessed through the site completely anonymously and safely.

To raise the profile of Fearless.org amongst professionals working with young people, we offer free training about Fearless. This includes:

- ✓ Review and recap of Crimestoppers
- ✓ Introduction to Fearless and our activity
- ✓ Sharing our available tools & resources

The training is suitable for anyone working with young people. In the past we have trained teachers, youth workers, school nurses, community groups and more. By attending our training, you'll feel more knowledgeable and confident in recommending our service to young people.
