What is sexual violence?

Sexual violence is any sexual act, or attempt to carry out a sexual act, that takes place without consent (agreement) of the person who has experienced it – it can include any form of sexual contact, forcible nudity and harassment. Please refer to The Sexual Offences Act 2003 for specific information.

What is a Young Person's Independent Sexual Violence Advisor?

A YPISVA offers confidential advice and support to both males and females who have been the victim of recent or historic sexual violence.

What can I expect from the service?

- ✎ A service led by you, giving you the information you need to decide what you would like to do.
- ✎ Practical advice on reporting to the police, the legal process and attending court.
- ✎ Refer you for counselling and other appropriate services
- ✎ Help to co-ordinate different agencies, such as sexual health, mental health and substance misuse
- ✎ Liaise with the police for regular case updates, if you choose to report the sexual assault
- ✎ Regular and ongoing telephone contact and/or face to face meetings and support.
- ✎ Help with communication with parents/carers
- ✎ Free

If you wish the YPISVA can go with you to the following:

- ✎ Sexual Assault and Referral Centre (SARC) at Treetops
- ✎ Police, if you choose to report
- ✎ Sexual Health Clinic
- ✎ Court
- ✎ Doctor

Your YPISVA will only provide the support you choose. The role is not to tell you what to do but to guide you to make informed choices

There is a myth that only strangers carry out sexual attacks. Many assaults are committed by someone the victim knows, including family, partner, or close friends.

There are no excuses for sexual violence. Whoever the perpetrator is, the important thing to remember is that it is not your fault.

All our services are confidential; however, we have a legal duty to share information with the police and/or children's social care if you are considered to be at risk of harm.

Whilst we would in most cases be able to respond to contact within 48 hours the YPISVA service is not a 24 hours' service. If you are in crisis, then please phone the appropriate numbers overleaf. The YPISVA service is not a counselling service and so does not offer weekly face to face sessions.
