AGREED BY	IOWSCB Executive	May 2017	
AGREED BY	IOWSCB Executive	October 2018	
REVIEW DATE	IOWSCB Executive	October 2019	

1. PURPOSE OF PROTOCOL

1.1 Both Isle of Wight (IOW) Corporate Parenting Board and Isle of Wight Safeguarding Childrens Board (IOWSCB) have important, but distinct roles in ensuring that Looked After Children receive good quality services, have their welfare promoted, reach their potential and are safeguarded from harm.

1.2 IOWSCB is a statutory partnership board and the Corporate Parenting Board is the key multi-agency forum for monitoring services and outcomes for Looked After Children, to champion their achievements and pursue innovation and developments to improve outcomes. There is no hierarchical relationship between the IOWSCB and Corporate Parenting Board but a joint responsibility to ensure that the needs of Looked After Children are prioritised at a strategic level and delivered effectively at an operational level.

1.3 This protocol aims to support the two Boards to operate effectively in relation to one another in terms of safeguarding and the means which we will secure effective co-ordination and coherence.

1.4 Joint areas of interest for Looked After Children between the IOWSCB and the Corporate Parenting Board include but are not restricted to:

- Child's Voice - Taking account of Looked after Children's wishes and feelings (section 22 (4) Children Act 1989), including those who are provided with accommodation under section 20 of the Children Act 1989 and children taken into police protection (section 46(3) (d) of that Act);
- Assessing Need and Providing Help - Where a child becomes looked after the assessment will be the baseline for work with the family. Any needs which have been identified should be addressed before decisions are made about the child's return home. An assessment by a social worker is required before the child returns home under the Care Planning, Placement and Case Review (England) Regulations 2010. This will provide evidence of whether the necessary improvements have been made to ensure the child's safety when they return home (Working Together 2013, Chapter 2).
- Children's Homes – Monitoring the quality of service provision and outcomes for children who are placed in the local authorities children's homes.
- Out of Area Placements – Monitoring the quality of service provision and outcomes for children who are placed out of the local area, including the commissioning arrangements.
- Stability of Placements – monitor the stability of placement for Looked After Children (former National Indicators 62 & 63).

- Children who go missing or run away from Care – Ensuring that Looked After Children receive appropriate support to prevent them from going missing and that they receive the appropriate service and support should they do so.
- Unaccompanied Asylum Seeking Children (UASC) – Ensure that UASC receive appropriate assessments and service provision.
- Care Planning – Ensure Looked After Children have good quality and timely Care Plans and Pathway Plans.
- Health and Education Needs – Monitor local performance indicators in relation to Health Assessments and Plans and Personal Education Plans.
- Looked after Children Reviews – Monitor the timeliness (former National Indicator) and quality of children’s Looked After Reviews, including that their participation and wishes and feelings are taken into account.
