

SLOTTED FINS

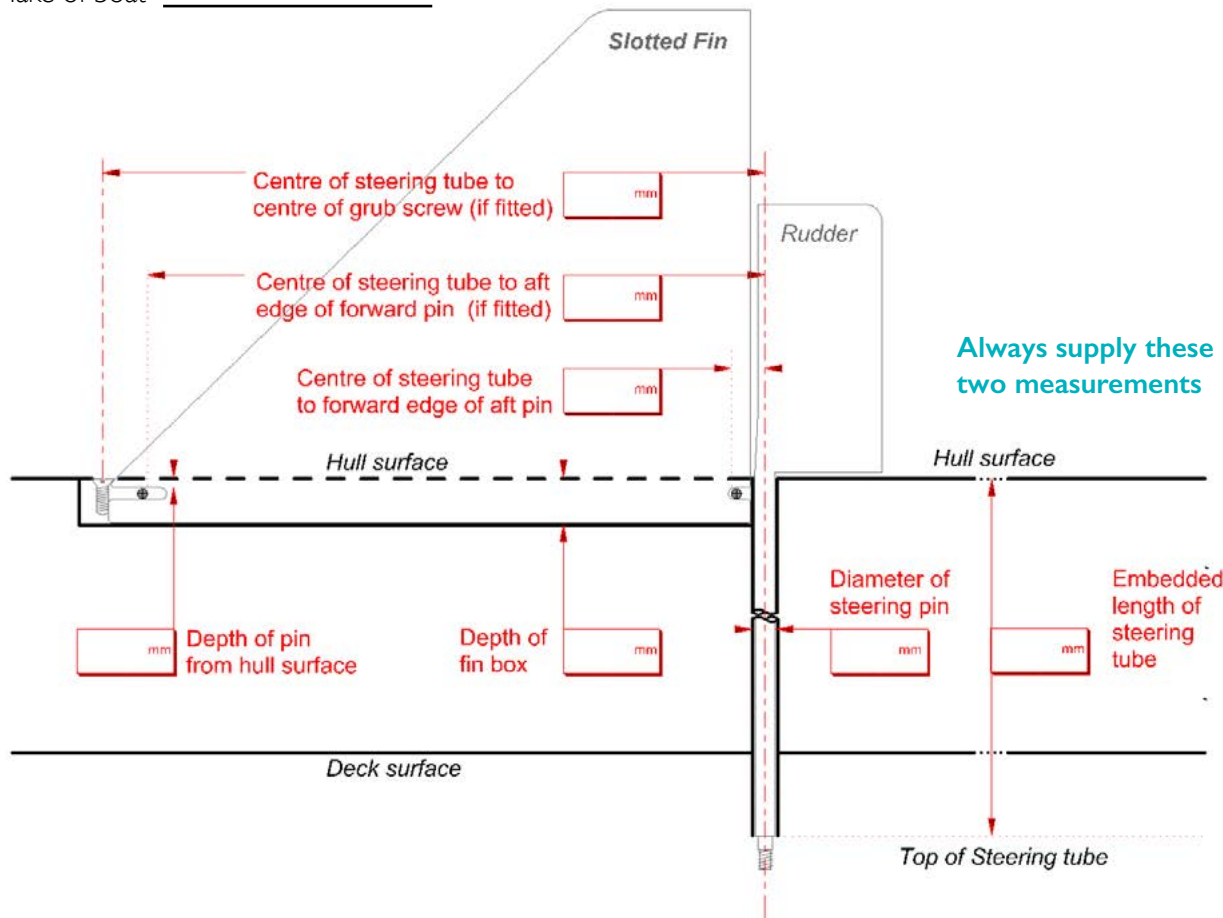

We already have the correct data of the boat makes listed on the right, so no fitting measurements are required, simply tick the appropriate box.

If your boat is not listed or is not standard please use the diagram below to record your boat's measurements.

We do however **still require you to measure** the **embedded length of steering tube and the steering pin diameter** – in the diagram below please.

If your boat has an under-deck yoke, please indicate the turning **diameter** available.

Make of boat _____

MAKE OF BOAT Empacher Filippi BBg
 Stampfli Hudson Sykes

BOAT CLASS 2 -/x 4 +/-x 8 +/x

DETAILS Over-deck yoke
 Under-deck yoke + diameter mm
