2. BASIS OF CONTRACT

2.1. The Order constitutes an offer by Hydra-Capsule to purchase Goods and/or Services from the Supplier in accordance with these Conditions.

2.2. The Order shall be deemed to be accepted on the earlier of the Supplier issuing written acceptance of the Order; or any act by the Supplier consistent with fulfilling the Order, at which point and on which date the Contract shall come into existence (Commencement Date).

2.3. These Conditions apply to the Contract to the exclusion of any other terms that the Supplier seeks to impose or incorporate, or which are implied by trade, custom, practice or course of dealing.

2.4. All of these Conditions shall apply to the supply of both Goods and Services except where the application to one or the other is specified.

3. SUPPLY OF GOODS

3.1. The Supplier shall ensure that the Goods shall:

(a) correspond with their description and any applicable Goods Specification;

(b) be of satisfactory quality (within the meaning of the Sale of Goods Act 1979) and fit for any purpose held out by the Supplier or made known to the Supplier by Hydra-Capsule, expressly or by implication, and in this respect Hydra-Capsule relies on the Supplier's skill and judgement;

(c) where they are manufactured products, be free from defects in design, materials and workmanship and remain so for 12 months after delivery or such other period as may be agreed between Hydra-Capsule and the Supplier in writing; and

(d) comply with all applicable statutory and regulatory requirements relating to the manufacture, labelling, packaging, storage, handling and delivery of the Goods.

3.2. The Supplier shall ensure that at all times it has and maintains all the licences, permissions, authorisations, consents and permits that it needs to carry out its obligations under the Contract in respect of the Goods.

4. DELIVERY OF GOODS

4.1. The Supplier shall ensure that:

(a) the Goods are properly packed and secured in such manner as to enable them to reach their destination in good condition;

(b) each delivery of the Goods is accompanied by a delivery note which shows the date of the Order, the Order number (if any), the type and quantity of the Goods, special storage instructions (if any) and, if the Goods are being delivered by instalments, the outstanding balance of Goods remaining to be delivered; and

(c) it states clearly on the delivery note any requirement for Hydra-Capsule to return any packaging material for the Goods to the Supplier. Any such packaging material shall only be returned to the Supplier at the cost of the Supplier.

4.2. The Supplier shall deliver the Goods:

(a) on the date specified in the Order or, if no such date is specified, then within 5 days of the date of the Order. Where a date is specified on an Order, time shall be of the essence for such Order;

(b) to the location set out in the Order or as instructed by Hydra-Capsule before delivery (Delivery Location); and

(c) except where an Order is marked "urgent" (in which case delivery may be arranged outside normal business hours), during Hydra-Capsule's normal hours of business on a usual working day, or as instructed by Hydra-Capsule.

4.3. Delivery of the Goods shall be completed on the completion of unloading of the Goods at the delivery location.

Where it is agreed that the Goods are delivered by instalments, they may be invoiced and paid for separately. However, failure by the Supplier to deliver any one instalment on time or at all or any defect in an instalment shall entitle Hydra-Capsule to the remedies set out in Clause 7.1.

4.5. Title and risk in the Goods shall pass to Hydra-Capsule on completion of delivery.

4.6. Hydra-Capsule may inspect and test the Goods at any time before delivery. The Supplier shall remain fully responsible for the Goods despite any such inspection or testing and any such inspection or testing shall not reduce or otherwise affect the Supplier's obligations under the Contract.

4.7. If following such inspection or testing Hydra-Capsule considers that the Goods do not comply or are unlikely to comply with the Supplier's obligations under this Contract, the Customer shall inform the Supplier and the Supplier shall immediately take such remedial action as is necessary to ensure compliance. Hydra-Capsule may conduct further inspections and tests after the Supplier has carried out its remedial actions.

- (e) provide all equipment, tools and vehicles and such other items as are required to provide the Services;
- (f) use the best quality goods, materials, standards and techniques, and ensure that the Deliverables, and all goods and materials supplied and used in the Services or transferred to Hydra-Capsule, will be free from defects in workmanship, installation and design;
- (g) observe all health and safety rules and regulations and any other security requirements that apply at any of Hydra-Capsule's premises;
- (h) hold all materials, equipment and tools, drawings, specifications and data supplied by Hydra-Capsule to the Supplier (Hydra-Capsule Materials) in safe custody at its own risk, maintain the Hydra-Capsule Materials in good condition until returned to Hydra-Capsule, and not dispose or use the Hydra-Capsule Materials other than in accordance with Hydra-Capsule's written instructions or authorisation;
- (i) not do or omit to do anything which may cause Hydra-Capsule to lose any licence, authority, consent or permission upon which it relies for the purposes of conducting its business, and the Supplier acknowledges that Hydra-Capsule may rely or act on the Services.

5.4. Hydra-Capsule shall provide the Supplier with reasonable access at reasonable times to Hydra-Capsule's premises for the purpose of providing the Services and such necessary information for the provision of the Services as the Supplier may reasonably request.

(f) to require a refund from the Supplier of sums paid in advance for Services that the Supplier has not provided and/or Goods that it has not delivered; and

(g) to claim damages for any additional costs, loss or expenses incurred by Hydra-Capsule which are in any way attributable to the Supplier's failure to its obligations under this Contract.

7.2. These Conditions shall extend to any substituted or remedial services and/or repaired or replacement goods supplied by the Supplier.

7.3. Hydra-Capsule's rights under the Contract are in addition to its rights and remedies implied by statute and common law.

8. CHARGES AND PAYMENT

8.1. The price for the Goods:

(a) shall be the price set out in the Order; and

(b) unless expressly stated on the Order, shall be inclusive of the costs of packaging, insurance and carriage of the Goods. No extra charges shall be effective unless agreed in writing and signed by Hydra-Capsule.

8.2. The charges for the Services shall be set out in the Order, and shall be the full and exclusive remuneration of the Supplier in respect of the performance of the Services. Unless otherwise agreed in writing by Hydra-Capsule in advance, the charges shall include every cost and expense of the Supplier directly or indirectly incurred in connection with the performance of the Services.

8.3. Unless otherwise specified in the Order, the Supplier shall invoice Hydra-Capsule for Goods on or at any time after completion of delivery of the Goods and for Services on completion of the Services. Each invoice shall include such supporting information required by Hydra-Capsule to verify the accuracy of the invoice, including the relevant purchase order number. Hydra-Capsule shall not be liable to pay sums not invoiced within 6 months of the date on which the Supplier was first entitled to invoice such sums.

8.4. In consideration of the supply of Goods and/or Services by the Supplier, Hydra-Capsule shall pay the undisputed and correctly invoiced amounts within 30 days of the end of the month in which the invoice was received to a bank account nominated in writing by the Supplier.

8.5. All amounts payable by Hydra-Capsule under the Contract are exclusive of amounts in respect of valued added tax chargeable from time to time (VAT). Where any taxable supply for VAT purposes is made under the Contract by the Supplier to Hydra-Capsule, Hydra-Capsule shall, on receipt of a valid VAT invoice from the Supplier, pay to the Supplier such additional amounts in respect of VAT as are chargeable on the supply of the Goods and/or Services at the same time as payment is due for the supply of the Goods and/or Services.

8.6. If Hydra-Capsule fails to make a payment due to the Supplier under the Contract by the due date, then Hydra-Capsule shall pay interest on the overdue sum from the due date until payment of the overdue sum, whether before or after judgment. Interest under this Clause 8.6 will accrue each day at 3% a year above the Bank of England's base rate from time to time, but at 3% a year for any period when that base rate is below 0%.

8.7. The Supplier shall maintain complete and accurate records of the time spent and materials used by the Supplier in providing the Services, and the Supplier shall allow Hydra-Capsule to inspect such records at all reasonable times on request.

8.8. Hydra-Capsule may at any time, without notice to the Supplier, set off any liability of the Supplier to Hydra-Capsule against any liability of Hydra-Capsule to the Supplier, whether either liability is present or future, liquidated or unliquidated, and whether or not either liability arises under the Contract. Any exercise by Hydra-Capsule of its rights under this Clause shall not limit or affect any other rights or remedies available to it under the Contract or otherwise.

9. INTELLECTUAL PROPERTY RIGHTS

9.1. All Intellectual Property Rights in or arising out of or in connection with the Services (other than Intellectual Property Rights in any Customer Materials) shall be owned by the Supplier.

9.2. The Supplier grants to Hydra-Capsule, or shall procure the direct grant to Hydra-Capsule of, a fully paid-up, worldwide, non-exclusive, royalty-free, perpetual and irrevocable licence to copy, modify, use and share the Deliverables (excluding Customer Materials) for the purpose of receiving and using the Services and the Deliverables.

9.3. All Customer Materials are the exclusive property of Hydra-Capsule and Hydra-Capsule grants the Supplier a fully paid-up, non-exclusive, royalty-free non-transferable licence to copy and use any materials provided by Hydra-Capsule to the Supplier for the term of the Contract strictly for the purpose of providing the Services to Hydra-Capsule.

15. GENERAL

15.1. Assignment and other dealings. The Supplier shall not assign, transfer, mortgage, charge, subcontract, declare a trust over or deal in any other manner with any of its rights and obligations under the Contract without the prior written consent of Hydra-Capsule. This clause does not apply to the service of any proceedings or other documents in any legal action.

15.5. No partnership or agency. Nothing in the Contract is intended to, or shall be deemed to, establish any partnership or joint venture between the parties, constitute either party the agent of the other, or authorise either party to make or enter into any commitments for or on behalf of the other party.

19. DESIGN AND SUPPLY SUMMARY

In the preparation and the assessment of this proposal the following assumption and limitations have been made:

19.1 The design of the support system has been based on information provided by the client as contained within the enquiry and as referred to in our offer. In the event that this information is limited, assumptions will have been made in the preparation of the scheme that are listed below: The client should ensure that any information that has been provided to Hydra Capsule Limited has been correctly interpreted and that any assumptions that have been made are valid. Hydra Capsule Limited will not accept responsibility should the proposed scheme prove to be unsuitable due to us having received an incomplete design brief.

19.2 Should the scheme impose loads onto an existing structure then it is the client's responsibility to check that the structure is capable of sustaining those loads. Hydra Capsule Limited will not accept responsibility should the proposed scheme prove to be unsuitable due to the existing structure being incapable of sustaining the imposed loads.

19.3 Unless stated otherwise our offer excludes the design and supply of the following:

19.4 Suitable foundations capable of withstanding the imposed loads from our equipment without undue settlement or deformation.

19..4.1 Holding down bolts (where applicable)

19..4.2 Grout to interfaces with head and base plates (where applicable)

19..4.3 Decking or vertical panelling (where applicable)

19.5 Should a formal technical approval procedure and design check be required then this requirement should be clearly indicated in the enquiry and if not, then Hydra Capsule Limited reserve the right to raise additional charges for their provision.

19.6 Hydra Capsule Limited proposals are based on proprietary equipment, the properties and capacities of which have been established by internal Hydra Capsule Limited engineering procedures. In certain cases approval may be necessary for departures from current design standards.

19.7 The quoted transport charges assume the optimum use of [] vehicle. Should their use not be possible due to specific phasing of the works or access restrictions of which we were not notified at the time of our offer then additional transport charges may be raised.

19.8 Hire charges are deemed to commence on the arrival of equipment on site and cease on the removal of equipment from site whilst always being subject to the minimum hire period stated in the offer.
