About Marina

Situated in the peaceful village of Ballyronan close to Magherafelt, Marina Care Home is a modern purpose built 30 bedded care home offering professional Nursing and Residential care.

As a family run care home our emphasis is on creating a caring and secure environment where all our residents know that they are **'Living Amongst Friends'**.

Our Care

We adopt a **Person Centred** approach to all aspects of care taking into account each resident's unique qualities, abilities, interests, preferences and needs in a dignified and respectful manner.

All residents needs and preferences are different therefore we tailor an individual plan of care for each resident which is constantly reviewed. Our Care Plans are designed to promote the health and well-being of our residents whilst encouraging independence.

Facilities

Marina offers secure modern care facilities whilst maintaining that homely environment.

Residents have a choice of lounge areas which feature comfortable and specially designed furnishings.

We have a range of comfortable, tastefully decorated and well-equipped bedrooms which we encourage our residents to personalise.

Type of Stay

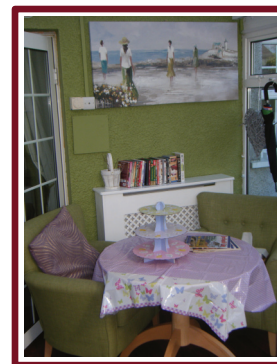

Most of our residents live permanently in Marina but we also cater for those who require **Respite** or **Convalescent** care for a number of weeks or days.

We offer Nursing Care for those who have specialised health needs that requires the provision of 24 hour qualified nursing care.

In addition we offer Residential Care for those who require greater support than can be provided in their current home, or who are recovering from a significant health issue.

Catering

Our Cooks pride themselves in knowing the tastes of our Residents and preparing a choice of fresh, nutritional meals and catering for any dietary and cultural needs. In addition the daily home baked treats are never too far away with a cup of tea!

Activities

Our Activity Therapist holds daily sessions of reminiscence type activity programs to provide a therapeutic level of care, with personal choice and individuality paramount. This social interaction we believe is key to the health and well-being of our residents.

Admission and Fees

Prior to admission we advise that you and your family view the Home. This helps you satisfy yourself that this is the right care setting. We also gain the benefit of finding out preferences, likes and dislikes of the prospective resident so that we can tailor everything to suit each individual.

Fees can depend on each individual's needs and requirements and will be agreed prior to admission.
