

AYH Autumn Visit to Kiel and Flensburg Oct 5-6 th 2018

Continuing our programme of tours to major yachting centres, this October twenty of our members visited Kiel and Flensburg. Our German colleagues of the Freundeskreis Klassische Yachting www.fky.org were most excellent hosts in Kiel and laid on an excellent programme of speakers on the distinctive German historic classes and yacht builders. In Flensburg we enjoyed an illuminating visit to Oliver Berking's International Yachting Heritage Centre, currently mounting a special exhibition of the world renowned Abeking & Rasmussen yard. Behind the public area we admired the impeccable reconstruction of Alfred Mylne's 1939 12 metre "Janetta". And of course the Centre contains Volker Christmann's vast yachting library, where we could have lingered much longer.

Next outing? Many members have expressed a preference for Venice!

Fair Winds,

Hal Sisk
Chairman
Association of Yachting Historians
