JOURNAL OF THE National Institute for Career Education and Counselling

October 2017 | issue 39

This is a very special issue. Earlier this year the Institute received the news that Bill Law, a founder and eminent fellow, had passed away at the age of 81. This issue is entirely dedicated to remembering and celebrating his leading role in NICEC, and his wide-reaching influence on career education and counselling. Within this issue there are articles from NICEC fellows (both current and emeritus) summarising and assessing Bill's contribution, whilst giving a personal account of working with him. It is also our pleasure to reprint articles written by Bill himself, so his voice comes through very clearly in this edition.
