### **Popular Honours Boards**

Our 'Popular' Honours Boards are constructed to the same quality as our Traditional and Bespoke ranges but with a veneered or a routed edge instead of a raised and moulded edge. Offered with either brass or hidden fixings these honours boards will enhance any location.

Lettering is applied in the same way as on our traditional range and logo's or crests can also be added. A coachline border will often produce a perfect finish to your new Honours Board.

### Standard Styles

Rectangular Portrait and Landscape

Roman Portrait and Landscape

Curved top

Arched shaped top

## Traditional Oak Honours Boards

The traditional way to recognise achievement, special events or an individual who contributes a great deal to their school, club or local organisation and to keep a permanent record of past and present achievements.

Lettering is applied in CAD cut vinyl text and your logo or crest can be produced in cut vinyl or printed then applied to the board. Subsequent or additional lines of text can be applied in the future. We have a range of fonts to suit all designs.

Our classic Honour Boards are hand crafted with a solid oak frame and oak veneered panel, with text and logo or crest to the face and complete with either hidden or brass fixings, these honours boards are built to a prestigious quality standard.

# Acrylic and Aluminium Composite Honours Boards

A different or corporate option is to have honours boards in clear acrylic or aluminium composite. Polished 8mm or 10mm clear acrylic will look very similar to glass and the brushed effect created by the 3mm aluminium composite is an economical option to stainless steel. Both can be mounted using either stand-off mounts to raise the panel away from the wall or capped mirror screws to fit the board directly to the wall.

Rectangular Portrait and Landscape

Roman Portrait and Landscape Arched Portrait and Landscape Feature Shaped Portrait and Landscape

Special Feature Shaped Portrait and Landscape

Additional lines of text can be added in the future.

These can be provided for on site staff to easily fit or your board can be shipped to us for re-polishing and new text to be added.
