

Marking of Shellfish Surface Gear Dahns and Buffs

The Sussex IFCA Shellfish Permit Byelaw requires fishers to have a permit and adhere to permit conditions including marking of gear such as dahns and buffs. To help you understand what appropriate gear marking looks like, we present here some best practice examples.

This good example shows a clearly marked buff with Port Letter and Number (PLN). In addition, the skipper has included the name of the boat.

This good example shows a dahn with a plastic garden label clearly showing the PLN of the fishing vessel.
