

Do you fish for black seabream?

Do you want to contribute to important fisheries research?

Please let us know:

- How many bream you've caught
- How many bream you've taken home
- How long you spent fishing
- How many rods you used
- Where you were fishing

Black seabream are a feature of Kingmere Marine Conservation Zone

Catch information will help us manage the fishery to make sure there is a healthy population
