Multiplication Year 5

Multiplication &
Division

1) Answer these multiplication sums:

a) 27 x 4 =

b) 4 x 180 =

c) 30 x 8 =

d) 80 x 7 =

e) 9 x 300 =

2) ⬚ = 199 x 7

3) 89 x 6 =

4) 745 x 8 =

5) 6750 x 3 =

6) 27 x 18 =

7) 543 x 14 =

8) 6520 x 21 =

9) Circle the numbers which are **not factors of 48**

   7   1   16   8   4   3   14   9

10) Use the following numbers to complete this statement

    3   9   6   2

[ ]   and   [ ]   are both factors of   [|]

11) Complete the diagram:

Multiples of 6

more than 50

also a multiple of 5

more than 100

[ ]   [ ]   [ ]

12) Find the answer to the following question:

$$8^2 = \boxed{}$$

13) Place the correct symbol in the box:

>   **=**   **<**

$\dfrac{3}{4}$ $\boxed{}$ $\dfrac{2}{9}$

14) A car show room sells 6 identical cars in one month. They are priced at £8975 each. How many much money will the receive after 2 months?

£ $\boxed{}$
