2021
NEWSHEET

**2021 Price
on new Tasar
Dinghies
starting at**

£7,900 includes VAT

Summer 2021

Signal Locker have new Bethwaite Tasars from the XSP factory available for sale this season.

Our starting point is a standard 'Measurement Boat'. This comprises the basic hull and deck plus all the fittings that are included when a Tasar is weighed-in for a regatta. This option allows current Tasar owners to upgrade using their existing fittings.

The standard specification of the 'Measurement Boat' does not include the mast, spars, sails or foils.

However when you buy a new hull, you are also eligible for a 10% discount on all of those items, and in fact any equipment in Signal Locker's catalogue for six months following delivery of your Measurement Boat.

A complete ready-to-race Tasar is £12,300 incl 20% VAT. This includes everything, boat, rig, sails, foils, covers, trolley.

'Measurement Boat' Price

- £7,900 Including 20% VAT ex works Lymington UK

Complete Boat Price

- £12,300 Including 20% VAT ex works Lymington UK

Outline Specification...

The specification for our factory order is for the hull, deck and thwart assembly, plus fittings that are typically installed when the boats are in 'Measurement Trim'...

- **Primary Hull Fittings** – *forestay U-bolt, mast pin, hatches, gudgeons, thwart strut*
- **RCB Shroud Tracks** – *tracks, underbars, RCB cars, cleats, pull-back lines and handles*
- **Toestraps** – *saddles, cleats, padded toestraps, adjuster lines and shock-cord tensioner*
- **Jib Tracks** – *tracks, cars, cleats*
- **Traveller System** – *track, 3-pin channel top car, ratchet blocks, traveller line & cleats*
- **Mainsheet Swivel and Block** – *swivel with mainsheet ratchet block only*

Hull Specification

Hull and deck assemblies are built by XSP to the new specification, including the new centreboard case / thwart arrangement, revised deck laminate exclusion of plastic handholds.

Tasar weight

The new minimum weight of hulls built is now 61 kg. The minimum weight of boats in measurement trim remains at 68kg, which allows for about 7 kg of fit-out weight.

New Boat Orders...

Orders are accepted on the following basis:-

Equipment included with new boats will be as per attached 2021 specification *unless agreed otherwise in writing*

For a period of 6 months following delivery, additional fit-out equipment (eg. mast, spars, sails, foils etc.) can be purchased for the boat at a discount of 10% from Signal Locker published prices

Deposit:- £2,500 with order

Hull price:- £7,900 incl 20% VAT, delivery ex works Lymington

Complete boat price:- £12,300 incl 20% VAT, delivery ex works Lymington

Terms of Business:- BMF standard marine contract terms (Issue 15)

Individual specification sheet, offer and order form will be supplied prior to delivery

Orders confirmed on receipt of deposit to be paid by bank transfer
