

CASINO HIRE

We recommend one table per 25 to 50 guests.

One table will allow 7 to 10 people to play at any one time.

As it is just for fun, it isn't restricted to adults so you can allow any children present to play as well, if you want to.

Your guests will exchange fun money, supplied by ourselves, for casino chips. Our dealers are keen to get everyone involved and are excellent at explaining how the various games work to anyone who is unsure how to play.

We count up the casino chips at the end of the gaming session and award a bottle of wine to the winner.

HIRE PRICE INCLUDES EVERYTHING THAT YOU NEED:

- Professional, experienced croupiers.
- Fun money for your guests to exchange for chips.
- Full size, luxury casino tables and table equipment.
- Up to 3 continuous hours of dealing.
- A bottle of wine for the winner.

The Blackjack table is 6' wide and 4' deep, in the shape of a capital D. We recommend a space of 9' x 9' to accommodate the table.

The roulette table is 9' x 5' and we recommend a space of 13' x 9' to fit the table into.
