

Rainbows End

It has of course been an incredibly difficult and worrying time for everyone, especially for those within the NHS and the care giving sectors, and we here at [Blenheim House](#) are proud to say that we remain stoutly dedicated to the residents and staff we have here within our warm Walton-on-the-Naze care home community. We have unfortunately lost residents to this terrible pandemic, and our hearts go out their families and loved ones, but we take comfort in the fact that we have also achieved the incredible, the almost impossible during such turbulent and unprecedented of times, and this is due only to the inspiring and unwavering care and dedication of our amazing team of staff.

“We would also like to take this opportunity to thank those who have supported us, those who have kindly donated gifts and treats throughout the lock down period, and we extend our heart-felt gratitude to each and every person who ensured that we remained buoyant whilst Covid-19 was at its peak.”

On a lighter and more positive note, we would like to announce that our newly arranged family visiting room will be up and running within just a matter of days, ensuring that families and visitors can continue to visit with our beloved residents in a safe, covid-19 compliant space, assured by the knowledge that we continue to do all that we can, under Government guidelines to ensure that the vital contact that our residents require can still be achieved. All required PPE and sanitisation provisions will be available, all we ask is that these visits are booked in advance to ensure availability.

Our home was designed and built to be a friendly and welcoming space, with a warm family atmosphere created by our very special, talented team of staff. Here at Blenheim House we pride ourselves on being caring, considerate, courteous, sensitive and supportive towards all of our residents.

Every Staff Member and Health Carer at Blenheim House is recruited on merit, and for their passion and dedication to providing excellent levels of quality care to our residents. We have exceptionally high expectations, which are facilitated by the outstanding level of training that we continue to provide our team, as promoting a holistic approach to the daily health and social needs of our residents is essential - After all, it is not just a job, but a vocation.

For more information on the incredible care we can offer, or to visit us please contact our Residential Manager Marlene Ashard on 01255 675548 or via email at manager.blenheim@rctl.co.uk. We are situated at 39-41 Kirby Rd, Walton-on-the-Naze, Essex CO14 8QT.
