

Course Dates 2017/18

Uniq Summer School (Year 5) Ickenham (St Giles' Church) 10.00-16.00 (4 days)

This course will take place across four days during August– There will be two options of dates available;

- i) Monday 20th – Thursday 23rd August
- ii) Tuesday 28th – Friday 31st August

Cost - £400 for the four day course (Payable in advance)

The content will be the same on each of these courses, therefore Parents should not choose for their child to attend on both occasions.

The Uniq summer school course will provide an opportunity to hone the skills which have been developed thus far. With their final 11+ assessments occurring at the beginning of the school year, this course provides an opportunity for an intensive period of tuition. This is particularly important given the fact that students will not have attended school for several weeks – At this stage it is vital that they do not regress.

Each day will include an 11+ style assessment and an opportunity to review the strengths and weaknesses of students at this stage of the year. This course will also provide opportunity for students to continue to work towards developing their ability in the core aspects of mathematical reasoning, verbal reasoning and non-verbal reasoning.

Students are invited to attend our Summer School course in either of the following instances;

- i) If they regularly attend our core sessions on a weekly basis throughout the year.
- ii) If they do not attend our weekly sessions, however would like to receive an intensive period of tuition at this stage of the year.

In instances whereby available places are limited, first priority will be given to students who are criteria i (Regularly attend our weekly sessions).
