Flight Information - Flexible Flights

We are delighted to offer our clients complete flexibility by offering a choice of regional airports and a full range of flight options. This allows us to offer a bespoke service and enables us to create a personalised package to suit your needs. Here is a summary of some of the different flights which we are able to offer:

Charter flights; we can offer charter flights from every UK airport. Although charter flights can be restricted with durations, nowadays more frequent flights are available, which allows us to be more flexible with the durations which we offer. Please be aware, however, that some charter flights do not allow you to pre-allocate seats, or check-in online and we may have to book your meal on an on request basis. Please ask at the time of booking to confirm what is included in your flight, e.g. flight meals/luggage allowance etc. and if you are able or required to pre-book extras like meals, extra leg-room etc.

Low-cost airlines; when booked in advance can often offer the most competitive prices. These airlines do not include in-flight meals or drinks and baggage will need to be pre-booked and paid in advance.

Scheduled flights allow great levels of flexibility and high standards of service. They include meals and most drinks are complimentary. Please ask when booking about flight upgrades.
