## The Fastnet Race 2021

The Rolex Fastnet Race is not only the highlight of the Royal Ocean Racing Club's (RORC) calendar, it is also one of the most iconic races for all sailors.

In 2021 and 2023 the course will finish in Cherbourg rather than Plymouth. The race has earned the reputation as one of the most demanding offshore races.

### RORC Commodore, Steven Anderson

“It is an exciting time for this iconic and extremely successful race. Finishing the Rolex Fastnet Race in Cherbourg will encourage and secure the continued growth of the Club's most prestigious event and provide an enhanced competitor experience.”

The course has been extended for 2021 and so the 608-mile race becomes approximately 700nm!! The race is a real test for skipper and crews with its tricky tidal currents and changeable weather conditions. The race attracts entrants from all around the globe with a diverse entry ranging from the fastest grand prix race yachts to small cruiser racer family boats. If this sounds like a challenge you'd like to take on, join Sailing Logic for the experience of a lifetime.
