and Knowledge
for schools and colleges
programme 2019/20**

ASK ABOUT APPRENTICESHIPS

New offer for 2019/20 includes resources for Key Stage 3 students, a 6th form apprenticeship readiness programme and new resources for you to share with parents.

**Supported by
National
Apprenticeship
Service**

Welcome from Keith Smith

Director, Apprenticeships
Education and Skills Funding Agency, Department for Education

Thank you for engaging with the Apprenticeship Support & Knowledge for schools and colleges programme (ASK), funded by the National Apprenticeship Service, part of the Department for Education.

2019/20 will be a really exciting year for apprenticeships, and it is vital that we continue to support all young people to access excellent careers support so they feel able to make informed decisions about apprenticeships as one of their options.

The ASK programme offers every educational establishment in England with students in years 10 – 13 access to a free, bespoke apprenticeship support package to transform apprenticeship awareness activities so that students, parents, teachers and governors can be informed about the wonderful opportunities that apprenticeships offer. We are proud that for 2019/20 the ASK offer has been expanded to offer even more fantastic activities and resources, including a new range of materials for students in Years 7, 8 and 9 as well as a new 6th form programme that positions apprenticeships equally alongside full-time university applications.

Over the past three years, we have worked with nearly 4,000 schools and colleges, engaging more than 790,000 students across England. The ASK programme has been procured for a further three years, therefore we are prioritising building long-lasting relationships with all establishments that will embed apprenticeships within the school or colleges wider careers strategy.

We encourage you to book a planning meeting with our delivery partners to take full advantage of this offer and create an apprenticeship support package for your school or college that is truly inspirational. Apprenticeships are amazing. Let us tell you why and help you to pass that message on.

Apprenticeship presentations and awareness assemblies

Our assemblies are a brilliant place to start for many schools and colleges. You can book an expert speaker to present to groups of students and raise their awareness of apprenticeships, including higher and degree apprenticeships. We can also invite an apprentice from our Young Apprentice Ambassador Network along so that they can share their inspirational story with your students.

“An excellent session, exactly what the students needed. An inspirational perspective on apprenticeships”

“Superb information from a dynamic and independent speaker”

APPRENTICESHIP PRESENTATIONS

To book an apprenticeship presentation, please visit:

Registration and application workshops

These interactive workshops are full of hints and tips about navigating the apprenticeship application system.

Students will be supported to:

REGISTER

Register online with Find an apprenticeship, the government's apprenticeship vacancy service.

SEARCH

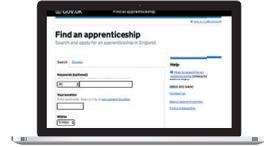

Utilise the search functions and manage alerts to be notified when new jobs are added.

PREPARE

Understand the different stages of the apprenticeship application process and why jobs have different deadlines, entry requirements and shortlisting processes.

APPLY

Draft and submit applications for any vacancies that you have found during the workshop.

Teachers can also access resources and posters on Amazing Apprenticeships that give hints and tips about applying for apprenticeships.

Meet amazing apprentices

One of the best ways to capture the imagination of students is to help them to meet real apprentices and hear their inspirational stories.

IN PERSON

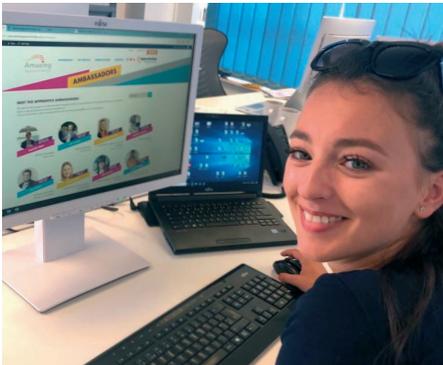

Young Apprentice Ambassador Network (YAAN)

Through the Young Apprentice Ambassador Network, we have hundreds of brilliant apprentices who have received training to speak publicly about their apprenticeship experience. Schools and colleges can request a talk via the form on the Amazing Apprenticeships website. We will find you a suitable apprentice to come along and meet your students.

ONLINE

Amazing apprentice short films

Access the 1-2 minute short films to hear unique apprentice stories and case studies. Students will hear what it's really like to be an apprentice.

Apprenticeship Benchmark Tool

In consultation with an expert group of teachers, we have designed the apprenticeship benchmark tool to help you to easily evaluate the apprenticeship activities that you offer in your school or college.

Using this tool, within 30 minutes you can easily identify your educational establishment's strengths. It will signpost you to recommended resources and activities for improvement. There are 30 questions split into sections covering:

- Strategy
- Students
- Teachers and Governors
- Employers
- Parents
- Your school as an employer

Our ASK delivery partners can also support you in completing this tool and will discuss this with you as part of your planning meeting.

101 Amazing Apprenticeship Activities For Schools

101 Apprenticeship Activity references

We have also provided an activity reference, so if you identify that there is an area of your apprenticeship provision that needs some extra attention, you can be inspired by the activities that are contained in the 101 Amazing Apprenticeship Activities for schools guide. See below for where to download.

Teacher training and development

Our apprenticeship offer for teachers has been designed in consultation with teachers across England.

1. TEACHER PRESENTATIONS

We can attend your school or college and present to a group of teachers and colleagues to explain the latest information and news around apprenticeships. This engaging workshop covers:

- An update on the apprenticeship landscape
- Higher and degree apprenticeships
- How to help your students considering apprenticeships
- Easy ways to keep up to date

2. SIXTH FORM TUTORS

New for 2019/20, we have created materials to support those teachers who are advising students on their post-18 options so that applying for apprenticeships, and applying for university, can be considered in parallel.

3. STAFF ROOM POSTERS

Subscribe to Amazing Apprenticeships by visiting www.amazingapprenticeships.com and each term, we will send you a selection of posters and resources to display in your staff room to inspire colleagues.

Apprenticeships for the school workforce

Apprenticeships are a great way for schools to improve the skills base of their employees. They are a tried and tested way to recruit new staff and to retrain or upskill existing staff of all ages and levels of experience, in a wide variety of roles. Current roles supported through apprenticeships include:

- ✓ Post-graduate Teacher
- ✓ Teaching Assistant
- ✓ School Business Professional
- ✓ IT Technician
- ✓ Leadership programmes
- ✓ Laboratory Technician

“Apprenticeships are helping my whole school CPD and our development plan. Apprenticeships are creating opportunities for our middle managers to be prepared to progress into senior leadership and also giving us the opportunity to bring in new staff. Apprenticeships bring in a culture as a school where we’re not just looking at children as learners, but we’re investing in our staff as learners as well and that is really important”

Gordon Farquhar, Head Teacher

The Department for Education has produced guidance covering:

- What apprenticeships are and how they can add value to the schools workforce
- What the apprenticeship levy is and how to use it
- How the public sector apprenticeship target applies to schools

Support for Careers Leaders

The government's Careers Strategy, published in December 2017, sets out an expectation that every school will identify a Careers Leader.

A Careers Leader needs to have the confidence and authority to lead their colleagues, make decisions, enact reforms and ensure their school or college is reaching the Gatsby Benchmarks.

Careers Leaders, Careers & Enterprise Company, Published April 2018

We are here to help you to plan a meaningful programme for your school or college that includes information about apprenticeships. The entire ASK programme has been mapped against the Gatsby Benchmarks and support can be provided to you at no cost.

"The free apprenticeship support has been vital to our school, putting a spotlight on alternative pathways into careers other than University"

Opportunity areas

The government has identified wards within 12 Local Authority areas called 'Opportunity Areas'. Establishments within these areas and other areas of disadvantage are entitled to receive an enhanced offer* through the ASK programme.

The Local Authorities are:

- Blackpool
- Bradford
- Derby
- Doncaster
- Fenland and East Cambridgeshire
- Hastings
- Ipswich
- North Yorkshire Coast
- Norwich
- Oldham
- Stoke-on-Trent
- West Somerset

*Opportunity Area establishments are entitled to access up to 6 ASK activities, although if you feel that additional support is needed, please discuss this with your ASK delivery partner.

These areas have been selected based on a number of indicators, including deprivation, worklessness and lower levels of employment. There is likely to be less activity that exposes students to the opportunities within the local labour market, therefore this programme will support employability and apprenticeship awareness.
