Language Builders

A free 3- week group for parent/carers with children aged 2 to 3 years old.

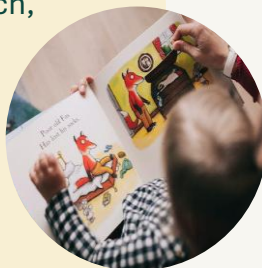

The group has been designed to promote the speech and language development of children by using fun playful activities.

In the format of a relaxed, informal group we demonstrate activities that you can then repeat at home with your children.

Aims of the group:

- To develop parent/carer and child interaction through carrying out activities at home.
- To develop parent/carer skills in communicating with their children.
- To develop parental awareness of the importance of speech, language and communication development.
- To develop attention and listening skills in children.
- To develop turn taking skills in children.
- To develop vocabulary knowledge and expressive language skills.
- To promote children's understanding of words phrases.
- To promote sound and speech sound awareness.

Week 1 we invite you to come with your children where we highlight the importance of sharing stories and rhymes every day at home with your children. Children will receive a free BookStart bag.

Week 2 & 3 we will demonstrate activities to you using everyday items you will have at home which help with language development. We can answer any questions you might have and explain the pathway to a speech and language referral. Children do not need to attend week 2 & 3 but can if no childcare. After you have attended language builders we will follow up with you in 8 weeks time to see how your child is getting on with their language development.
