Enhanced Skills 4 Success in Practice
26th September 9.30am – 4pm

A wide-ranging course covering a range of practical skills including decision making, making your team work, leadership and delegation. This session will give you the tools you need to get the most out of your job and be successful in meeting your personal career goals as you transition to more senior or leadership roles for the first time.

Enhanced Resilience in Practice
7th November 9.30am – 4pm

In this newly developed session, you will examine the personal and professional challenges presented by the current health and social care environment and learn techniques to enhance your personal and professional resilience.

Key Features of PROFESSIONAL SKILLS *In Practice*

- All training is brilliantly multi-professional and includes opportunities for learning and knowledge exchange between professions.
- Training takes place over one full day. It includes an online facilitated, interactive session in the morning, a self-directed learning task in the afternoon and finishes with a joint reflection.
- Certificates will be awarded following completion of the session.
