

# Enhanced Service Training Dates 2024

Due to service geography the training will now be delivered virtually until further notice. If you would like face to face training delivered at your practice or PCN this can be requested. Please email [rxx.primaryliaisonld@nhs.net](mailto:rxx.primaryliaisonld@nhs.net) to discuss.

Please continue to sign up via the Eventbrite links and you will be sent information about how to access the virtual training nearer the date of training.

Please ensure that the person signing up for the training is the same person who will attend the training (this helps to ensure the appropriate individual receives the training link).

If you are aware of a booking that has been made on behalf of someone else who will be attending the training, please let us know by sending a message through Eventbrite.

### GMS Contract requirements:

Establish, and maintain a learning disability QOF register of patients.	Identify a clinical lead for the practice.
Minimum of 3 staff members to undertake Enhanced Service training and update as required – recommended: one nurse, one GP, practice manager/admin.	Payments are made on a quarterly basis of £140.00, the practice must submit their numbers to the CQRS.
Offer people on the register, aged 14 and over, an Annual Health Check.	Produce/ Contribute to a Health Action Plan.
