

HOW TO ARRANGE OVERNIGHT CARE

Arranging overnight care with SHA Care Services is a straightforward process designed to ensure that your specific needs are met.

Initial Consultation: Contact our team to discuss your needs and arrange an initial consultation. During this meeting, we will assess your requirements and develop a customised care plan.

Care Plan Development: Based on the initial assessment, we will create a detailed care plan tailored to your specific needs and preferences. This plan outlines the services provided and the schedule for overnight care.

Matching with a Carer: We match you with a carer who has the appropriate skills and personality to provide the best possible care. A meet-and-greet session can be arranged to ensure compatibility and comfort.

Ongoing Support: Our team provides continuous support, regularly reviewing and updating the care plan to ensure it remains effective and responsive to changing needs.

If you need reliable and compassionate overnight care, contact SHA Care Services today to learn more about our services and how we can support you. Let us help you achieve a restful and secure night, every night.
