# THANK YOU!

Gig on the Green Yateley is your community music festival and one, it is clear by the continued great attendance over the years, which you enjoy. I and the organising committee do not take this for granted and are grateful to you the Gig-goers for this continued support and I hope long may it last. We continue to be hugely grateful to everyone who has supported us over the years and in particular the sponsors whose contributions to our costs are highly valued and reflect their own commitment to supporting the community.

The funds raised by the festivals has been truly remarkable and these have in turn unlocked substantial grants, all of which has been ploughed into the purchase of Sean Devereux Park, its development for sport and in particular the creation of the Yateley United Community Centre, there for all to use. Further exciting sports facilities are planned there for the future so watch that space...

Now for me this is farewell as this is my last year as Chairman of the Gig on the Green organising committee - age catches up with all of us. My strongest supporter on the committee, my wife Brenda, is also stepping down after many years of great work managing the ticketing as well as being secretary of the committee. But we step away fully confident of the future of the festival which will be in the safe hands of our committee and are excited by what is to come. Yateley really is a great community to be part of. Thank you all and goodbye!

## FOREVER JACKSON

Forever Jackson is the ultimate tribute to Michael Jackson, selling out venues wherever they go. Robin Parsons pays true homage to the late king of Pop, singing completely live. His voice replicates the distinctive tones of Michael Jackson himself.

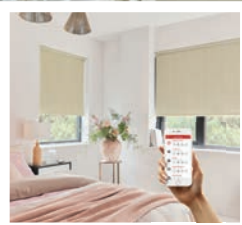

Forever Jackson has performed in countries such as Dubai, India, Crete, Turkey, Spain, Mexico, Egypt and Tenerife. Some of their key performances include headlining The McDowell Signature Indian Derby, headlining Gay Pride in Sitges, Barcelona, and was also a headline act for Music On The Moor. Robin has been a long term fan and learnt to replicate Michael's abilities through the love of performing. His dedication paid off when he got to perform for Michael Jackson in 2003 at his 45th birthday show at The Orpheum Theatre in LA. An honour only a very few have experienced.

## THE ROLLING CLONES

---

“Keith Richards cannot be killed by conventional weapons” – Del Preston, Wayne’s World 2.

We’re choosing to believe this is true. How else could you explain the fact that despite well over 50 years of death, drugs, destruction and falling out of coconut trees, ‘The Greatest Show on Earth’ is still on the road?

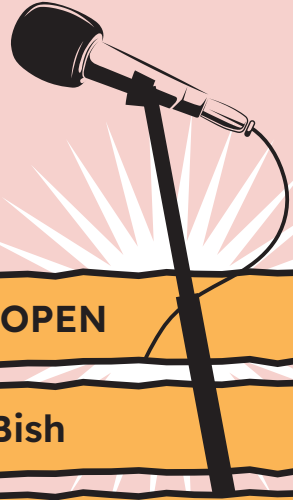

While not quite of the same vintage, The Rolling Clones will reach their own milestone in 2017. They will have been entertaining crowds across the World for 20 YEARS and to celebrate, The Rolling Clones will be taking their BIG SHOW on the road.

How big? BIG! In fact, the show is just like the Rolling Stones themselves tour with today! Mick, Keith, Bill, Charlie and Ronnie are joined by a three-piece brass section, piano and a wailing siren of a female backing vocalist. That’s BIG!

Want Satisfaction? Then Let’s Spend the Night Together!
