Hydraulic Synchro System

Specification:

- 110v, 32A, 700bar hydraulic power unit
- 2,2kW Motor
- Flow Rate: 6 litre/min per pump @ LP, 1 litre/min per pump @HP
- Double Acting Bieri Directional Control Valves + Dump Valve
- 180 litre tank
- PLC Controlled system
- HMI Screen Operation
- Pressure/Force & Displacement Display
- Data Logging Function
