About Us

Kanyuchi Healthcare is an independent Home-care Provider. It has been providing invaluable care and support to people in and around Fareham since 2016. It was started by Serge who began his career as a Care Assistant at age 17, at age 21 he qualified as Registered Nurse and went on to work within the NHS and private sector up to management level. Through the knowledge and experience gained, he launched Kanyuchi Healthcare with a passion to provide High Quality Care and Support to People in their Own Homes.

Kanyuchi Healthcare includes a team of managers, Senior Staff and Carers. All staff are involved in care visits, this enables us to provide a high level of care and for you to know the whole team closely. We in work collaboration with other local professionals to enhance your health, wellbeing and access to local services.

Why Choose Us?

You are provided with a personal touch. We are committed to ensure the care and support you will receive is good enough for our own loved ones.

All staff are trained to provide high quality care and this training is continuous.

We ensure you are familiar with your team of carers and visits are long enough to meet your needs.

We use an award-winning management system to monitor care calls and with your consent this can be accessed by you & your family members.

We conduct regular assessments to ensure the service we provide meets your needs.

We are registered by the Care Quality Commission and member of the UK Home Care Association.

We have safeguarding policies and procedures in place to minimise risk of harm and maintain your safety.

Client Testimonies

The whole family are very happy with the care that our mum/nan is getting. She always looks forward to the carers coming in and feels very relaxed with them and has a joke with them all. I feel the communication is really good between myself and the carers and always get updates on how my mum is doing/feeling.

We feel that all the carers have built my mum's confidence as she was very anxious when she first come out of hospital. I would highly recommend the company.

All the ladies are very caring and always cheerful - nothing is too much trouble. Sometimes I just need a chat, and they're always willing to spend a few minutes with me too. I thoroughly recommend Kanyuchi.

They are professional, caring, respectful, polite and supportive in every aspect of what they do. We as a family have no concerns around the care provided and are extremely happy with it. They have been providing home care for some time now.

The manager and his wonderful team looked after my sister for a long time with 4 visits a day; always polite and caring. Whenever there was a problem, it was dealt with swiftly and professionally. I will always be grateful for the care she received. I would recommend Kanyuchi Healthcare.
