

# What do you have to do today?

- Grow the business
- Keep staff motivated and on track
- Delegate - so that you can drive innovation and continuous improvement
- Identify and tap into individual staff skills that benefit the business
- **HANDLE** a growing business - so no pressure there then!

We could make it plain sailing – why not join us for one day a month over four interactive and pleasantly informal workshops?

Delivered by experienced and respected professionals, the Gr8er Business Outcomes Programme provides the very best tips, tools and templates for your company's growth.

We also share tried and tested motivation techniques AND give you an insight into enhancing those business critical working relationships with team members and customers.

All of this is reinforced by an innovative and upbeat sailing day where attendees put their leadership learning into practice and work as a cohesive team with clear communications. We know this can TRANSFORM your business - but don't just take our word for it:

"We are able to focus on areas that will assist our growth even further"

"Great insight into getting the best out of your teams ... and unlike other courses there were a lot of things to take away and implement that will have an immediate impact"

"A truly exceptional experience and one we should have done sooner"

Attendance is just £ 1090 + VAT (£545 on award of Leadership & Management grant)  
Our next programme takes place on  
17<sup>th</sup> November 2011

## So what do you have to do today?

Simply book onto the workshop programme or ask for more details about available funding streams by contacting us:
